

# **Public consultation on the mid-term review of the European Disability Strategy 2010-2020**

The European Commission is launching a public consultation on the mid-term review of the European Disability Strategy 2010-2020.

This Strategy provides a roadmap for the implementation of the United Nations Convention on the Rights of Persons with Disabilities, to which the European Union is a party.

It has identified eight main areas for action at EU level: Accessibility, Participation, Equality, Employment, Education and Training, Social Protection, Health and External Action.

This public consultation asks for your opinion on what has been achieved so far in each of these areas, your views on the challenges faced by all persons with disabilities and how the EU should address them.

We will use your replies to assess the impact of the Strategy and to ensure that EU policy remains tailored to the needs and rights of persons with disabilities.

We appreciate all replies from citizens, organisations, public authorities, businesses, academics and other stakeholders.

The consultation is available in all official languages of the EU and is open for several weeks. Please note the deadline published on the consultation webpage. We look forward to receiving your contribution!
