HAVE AGREED

the **Special Conditions** and the **General Conditions** below and the following **Annexes**:

- **Annex I** Tender Specifications (Invitation to Tender no. VT/...../..... of)
and Monitoring
- **Annex II** Contractor's Tender (Registre CAD ref. no. of)
- **Annex III** Breakdown of prices
- **Annex IV** CVs and classification of experts
- **Annex V** Fiscal provisions regarding invoicing by the Contractor
- **Annex VI** Final technical report to be submitted

which form an integral part of this Contract (hereinafter referred to as “**the Contract**”).

The terms set out in the Special Conditions shall take precedence over those in the other parts of the Contract. The terms set out in the General Conditions shall take precedence over those in the Annexes. The terms set out in the Tender Specifications (Annex I) and in the Breakdown of prices (Annex III) shall take precedence over those in the Tender (Annex II).

Subject to the above, the several instruments forming part of this Contract are to be taken as mutually explanatory. Ambiguities or discrepancies within or between such parts shall be explained or rectified by a written instruction issued by the Commission, subject to the rights of the Contractor under Article I.7 should he dispute any such instruction.

I. **Special conditions**

Article I.1 **Subject**

I.1.1. The subject of the Contract is: **Assessing the impact of emerging trends and risks on labour inspection methodologies in the domain of occupational health and safety..**

I.1.2. The Contractor shall execute the tasks assigned to him in accordance with the Tender Specifications annexed to the Contract (Annex I).

Article I.2 **Duration**

I.2.1. The Contract shall enter into force on the date on which it is signed by the last contracting party. The date of signature of the present Contract is that of the date stamp applied by the postal services of Employment, Social Affairs and Equal Opportunities DG on the title page of the present Contract after it has been signed by both parties.

I.2.2. Execution of the tasks may under no circumstances begin before the date on which the Contract enters into force.

I.2.3. The duration of the tasks shall not exceed 18 months. This period and all other periods specified in the Contract are calculated in calendar days. Execution of the tasks shall start from the date of entry into force of the Contract. The period of execution of the tasks may be extended only with the express written agreement of the parties before such period elapses.

The Commission is not obliged to react to any request for extension of the duration of the tasks received less than 30 days before expiry of the period of execution or with less than one third of the period of execution left to run, whichever period is the shorter.

Article I.3 **Contract price**

I.3.1. *Maximum total amount*

The maximum total amount to be paid by the Commission under the Contract shall be EUR 349 999.00 covering all tasks executed.

I.3.2. *Price revisions*

Not applicable.

I.3.3. *Travel, subsistence and shipment expenses*

In addition to the total amount specified in Article I.3.1, travel, subsistence and shipment expenses shall be reimbursed in accordance with Article II.7, as shall other expenses provided for by the Tender Specifications up to a maximum amount of EUR 1.00. The daily subsistence allowance referred to in Article II.7.4(d) shall be determined in accordance with Annex III, 2.2.1.

Article I.4 **Payment periods and formalities**

Payments under the Contract shall be made in accordance with Article II.4. Payments shall be executed only if the Contractor has fulfilled all his contractual obligations by the date on which the invoice is submitted. Payment requests may not be made if payments for previous periods have not been executed as a result of default or negligence on the part of the Contractor.

I.4.1. Pre-financing

Following signature of the Contract by the last contracting party, within 30 days of the receipt by the Commission of a request for pre-financing with a relevant invoice, a pre-financing payment equal to 30% of the total amount referred to in Article I.3.1 shall be made.

I.4.2. Interim payment

Requests for interim payment by the Contractor shall be admissible if accompanied by

- an interim technical report in accordance with the instructions laid down in Annex I,
- the relevant invoices,
- statements of reimbursable expenses in accordance with Article II.7,

provided the report has been approved by the Commission.

The Commission shall have 60 days from receipt to approve or reject the report, and the Contractor shall have 30 days in which to submit additional information or a new report.

Within 30 days of the date on which the report is approved by the Commission, an interim payment corresponding to the relevant invoices, up to maximum 40% of the total amount referred to in Article I.3.1, shall be made.

I.4.3. Payment of the balance

The request for payment of the balance of the Contractor shall be admissible if accompanied by:

- the final technical report in accordance with the instructions laid down in Annex I,
- the relevant invoices,
- statements of reimbursable expenses in accordance with Article II.7,

provided the report has been approved by the Commission.

The Commission shall have 60 days from receipt to approve or reject the report, and the Contractor shall have 30 days in which to submit additional information or a new report.

Within 30 days of the date on which the report is approved by the Commission, payment of the balance of the total amount referred to in Article I.3.1 shall be made.

I.4.4. Performance guarantee

Not applicable.

Article I.5 Bank account

Payments shall be made to the Contractor's bank account denominated in euro ¹, identified ² as follows:

- Name of bank:
- Address of branch in full:
- Exact designation of account holder:
- Full account number including codes:
- IBAN or, if non available, BIC code: —

Article I.6 General administrative provisions

Any communication relating to the Contract shall be made in writing and shall bear the Contract number. Ordinary mail shall be deemed to have been received by the Commission on the date on which it is registered by the department responsible indicated below. Communications shall be sent to the following addresses:

¹ Or local currency where the receiving country does not allow transactions in EUR.

² By a document issued or certified by the bank.

Article I.7 Applicable law and settlement of disputes

I.7.1. The Contract shall be governed by Community law, complemented, where necessary, by the national substantive law of Belgium.

I.7.2. Any dispute between the parties resulting from the interpretation or application of the Contract which cannot be settled amicably shall be brought before the courts of Brussels.

Article I.8 Other special conditions

Definition of the term “payment request” regarding the interests for late payments

It is understood that a payment request, as mentioned in Article II.5.3, will only be considered as complete, if all specific documents mentioned in Article I.4; are joined to this request. If these specific documents are not sent to the Commission all together with the payment request, the 60 days shall only run from the date of the first registered receipt of the last document, making the payment request complete. As regards payments subject to the prior approval of a report (or to the signature of a certificate of final acceptance for supplies delivery) by the Commission, according to Article I.4, the period of 30 calendar days shall start only on the date when both the complete payment request has been registered and the report has been approved (or the certificate of final acceptance has been signed) by the Commission, provided the Commission has itself respected the time limits set in the present Contract and its annexes for such approvals.

Data protection

Any personal data included in the Contract shall be processed pursuant to Regulation (EC) No 45/2001 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data. It shall be processed solely for the purposes of the performance, management and follow-up of the Contract by Employment, Social Affairs and Equal Opportunities DG without prejudice to possible transmission to internal audit services, to the European Court of Auditors, to the Financial Irregularities Panel and/or to the European Anti-Fraud Office (OLAF) for the purposes of safeguarding the financial interests of the Community.

The Contractor shall have the right of access to his personal data and the right to rectify any such data that is inaccurate or incomplete. Should the Contractor have any queries concerning the processing of his personal data, he shall address them to Employment, Social Affairs and Equal Opportunities DG. The Contractor shall have right of recourse at any time to the European Data Protection Supervisor.

Termination by either contracting party

Either contracting party may, of its own volition and without being required to pay compensation, terminate the Contract by serving 30 days formal prior notice. Should the Commission terminate the Contract, the Contractor shall only be entitled to payment corresponding to part-performance of the Contract. On receipt of the letter terminating the Contract, the Contractor shall take all appropriate measures to minimise costs, prevent damage, and cancel or reduce his commitments. He shall draw up the documents required by the Special Conditions for the tasks executed up to the date on which termination takes effect, within a period not exceeding sixty days from that date.

II. General conditions

Article II.1 Performance of the Contract

II.1.1. The Contractor shall perform the Contract to the highest professional standards. The Contractor shall have sole responsibility for complying with any legal obligations incumbent on him, notably those resulting from employment, tax and social legislation.

II.1.2. The Contractor shall have sole responsibility for taking the necessary steps to obtain any permit or licence required for performance of the Contract under the laws and regulations in force at the place where the tasks assigned to him are to be executed.

II.1.3. Without prejudice to Article II.3 any reference made to the Contractor's staff in the Contract shall relate exclusively to individuals involved in the performance of the Contract.

II.1.4. The Contractor must ensure that any staff performing the Contract have the professional qualifications and experience required for the execution of the tasks assigned to him.

II.1.5. The Contractor shall neither represent the Commission nor behave in any way that would give such an impression. The Contractor shall inform third parties that he does not belong to the European public service.

II.1.6. The Contractor shall have sole responsibility for the staff who execute the tasks assigned to him.

The Contractor shall make provision for the following employment or service relationships with his staff:

- staff executing the tasks assigned to the Contractor may not be given orders direct by the Commission;
- the Commission may not under any circumstances be considered to be the staff's employer and the said staff shall undertake not to invoke in respect of the Commission any right arising from the contractual relationship between the Commission and the Contractor.

II.1.7. In the event of disruption resulting from the action of a member of the Contractor's staff working on Commission premises or in the event of the expertise of a member of the Contractor's staff failing to correspond to the profile required by the Contract, the Contractor shall replace him without delay. The Commission shall have the right to request the replacement of any such member of staff, stating its reasons for so doing. Replacement staff must have the necessary qualifications and be capable of performing the Contract under the same contractual conditions. The Contractor shall be responsible for any delay in the execution of the tasks assigned to him resulting from the replacement of staff in accordance with this Article.

II.1.8. Should any unforeseen event, action or omission directly or indirectly hamper execution of the tasks, either partially or totally, the Contractor shall immediately and on his own initiative record it and report it to the Commission. The report shall include a description of the problem and an indication of the date on which it started and of the remedial action taken by the Contractor to ensure full compliance with his obligations under the Contract. In such event the Contractor shall give priority to solving the problem rather than determining liability.

II.1.9. Should the Contractor fail to perform his obligations under the Contract in accordance with the provisions laid down therein, the Commission may - without prejudice to its right to terminate the Contract - reduce or recover payments in proportion to the scale of the failure. In addition, the Commission may impose penalties or liquidated damages provided for in Article II.16.

Article II.2 Liability

II.2.1. The Commission shall not be liable for damage sustained by the Contractor in performance of the Contract except in the event of wilful misconduct or gross negligence on the part of the Commission.

II.2.2. The Contractor shall be liable for any loss or damage caused by himself in performance of the Contract, including in the event of subcontracting under Article II.13. The Commission shall not be liable for any act or default on the part of the Contractor in performance of the Contract.

II.2.3. The Contractor shall provide compensation in the event of any action, claim or proceeding brought against the Commission by a third party as a result of damage caused by the Contractor in performance of the Contract.

II.2.4. In the event of any action brought by a third party against the Commission in connection with performance of the Contract, the Contractor shall assist the Commission. Expenditure incurred by the Contractor to this end may be borne by the Commission.

II.2.5. The Contractor shall take out insurance against risks and damage relating to performance of the Contract if required by the relevant applicable legislation. He shall take out supplementary insurance as reasonably required by standard practice in the industry. A copy of all the relevant insurance contracts shall be sent to the Commission should it so request.

Article II.3 Conflict of Interests

II.3.1. The Contractor shall take all necessary measures to prevent any situation that could compromise the impartial and objective performance of the Contract. Such conflict of interests could arise in particular as a result of economic interest, political or national affinity, family or emotional ties, or any other relevant connection or shared interest. Any conflict of interests which could arise during performance of the Contract must be notified to the Commission in writing without delay. In the event of such conflict, the Contractor shall immediately take all necessary steps to resolve it.

The Commission reserves the right to verify that such measures are adequate and may require additional measures to be taken, if necessary, within a time limit which it shall set. The Contractor shall ensure that his staff, board and directors are not placed in a situation which could give rise to conflict of interests. Without prejudice to Article II.1 the Contractor shall replace, immediately and without compensation from the Commission, any member of his staff exposed to such a situation.

II.3.2. The Contractor shall abstain from any contact likely to compromise his independence.

II.3.3. The Contractor declares:

- that he has not made and will not make any offer of any type whatsoever from which an advantage can be derived under the Contract,
- that he has not granted and will not grant, has not sought and will not seek, has not attempted and will not attempt to obtain, and has not accepted and will not accept, any advantage, financial or in kind, to or from any party whatsoever, where such advantage constitutes an illegal practice or involves corruption, either directly or indirectly, inasmuch as it is an incentive or reward relating to performance of the Contract.

II.3.4. The Contractor shall pass on all the relevant obligations in writing to his staff, board, and directors as well as to third parties involved in performance of the Contract. A copy of the instructions given and the undertakings made in this respect shall be sent to the Commission should it so request.

Article II.4 Payments

II.4.1. Pre-financing

Where required by Article I.4.1, the Contractor shall provide a financial guarantee in the form of a bank guarantee or equivalent supplied by a bank or an authorised financial institution (guarantor) equal to the amount indicated in the same Article to cover pre-financing under the Contract. Such guarantee

may be replaced by a joint and several guarantee by a third party. The guarantor shall pay to the Commission at its request an amount corresponding to payments made by it to the Contractor which have not yet been covered by equivalent work on his part. The guarantor shall stand as first-call guarantor and shall not require the Commission to have recourse against the principal debtor (the Contractor). The guarantee shall specify that it enters into force at the latest on the date on which the Contractor receives the pre-financing. The Commission shall release the guarantor from its obligations as soon as the Contractor has demonstrated that any pre-financing has been covered by equivalent work. The guarantee shall be retained until the pre-financing has been deducted from interim payments or payment of the balance to the Contractor. It shall be released the following month. The cost of providing such guarantee shall be borne by the Contractor.

II.4.2. Interim payment

At the end of each of the periods indicated in Annex I the Contractor shall submit to the Commission a formal request for payment accompanied by those of the following documents which are provided for in the Special Conditions:

- an interim technical report in accordance with the instructions laid down in Annex I;
- the relevant invoices indicating the reference number of the Contract to which they refer;
- statements of reimbursable expenses in accordance with Article II.7.

If the report is a condition for payment, on receipt the Commission shall have the period of time indicated in the Special Conditions in which:

- to approve it, with or without comments or reservations, or suspend such period and request additional information; or
- to reject it and request a new report.

If the Commission does not react within this period, the report shall be deemed to have been approved. Approval of the report does not imply recognition either of its regularity or of the authenticity, completeness or correctness of the declarations or information enclosed. Where the Commission requests a new report because the one previously submitted has been rejected, this shall be submitted within the period of time indicated in the Special Conditions. The new report shall likewise be subject to the above provisions.

II.4.3. Payment of the balance

Within sixty days of completion of the tasks referred to in Annex I the Contractor shall submit to the Commission a formal request for payment accompanied by those of the following documents which are provided for in the Special Conditions:

- a final technical report in accordance with the instructions laid down in Annex I;
- the relevant invoices indicating the reference number of the Contract to which they refer;
- statements of reimbursable expenses in accordance with Article II.7.

If the report is a condition for payment, on receipt the Commission shall have the period of time indicated in the Special Conditions in which:

- to approve it, with or without comments or reservations, or suspend such period and request additional information; or
- to reject it and request a new report.

If the Commission does not react within this period, the report shall be deemed to have been approved. Approval of the report does not imply recognition either of its regularity or of the authenticity, completeness or correctness of the declarations and information enclosed. Where the Commission requests a new report because the one previously submitted has been rejected, this shall be submitted within the period of time indicated in the Special Conditions. The new report shall likewise be subject to the above provisions.

Article II.5 General Provisions concerning Payments

II.5.1. Payments shall be deemed to have been made on the date on which the Commission's account is debited.

II.5.2. The payment periods referred to in Article I.4 may be suspended by the Commission at any time if it informs the Contractor that his payment request is not admissible, either because the amount

is not due or because the necessary supporting documents have not been properly produced. In case of doubt on the eligibility of the expenditure indicated in the payment request, the Commission may suspend the time limit for payment for the purpose of further verification, including an on-the-spot check, in order to ascertain, prior to payment, that the expenditure is eligible.

The Commission shall notify the Contractor accordingly and set out the reasons for the suspension by registered letter with acknowledgment of receipt or equivalent. Suspension shall take effect from the date of dispatch of the letter. The remainder of the period referred to in Article I.4 shall begin to run again once the suspension has been lifted.

II.5.3. In the event of late payment the Contractor shall be entitled to interest, provided the calculated interest exceeds EUR 200. In case interest does not exceed EUR 200, the Contractor may claim interest within two months of receiving the payment. Interest shall be calculated at the rate applied by the European Central Bank to its most recent main refinancing operations ("*the reference rate*") plus seven percentage points ("*the margin*"). The reference rate in force on the first day of the month in which the payment is due shall apply. Such interest rate is published in the C series of the Official Journal of the European Union. Interest shall be payable for the period elapsing from the calendar day following expiry of the time limit for payment up to the day of payment. Suspension of payment by the Commission may not be deemed to constitute late payment.

Article II.6 Recovery

II.6.1. If total payments made exceed the amount actually due under the Contract or if recovery is justified in accordance with the terms of the Contract, the Contractor shall reimburse the appropriate amount in euro on receipt of the debit note, in the manner and within the time limits set by the Commission.

II.6.2. In the event of failure to pay by the deadline specified in the request for reimbursement, the sum due shall bear interest at the rate indicated in Article II.5.3. Interest shall be payable from the calendar day following the due date up to the calendar day on which the debt is repaid in full.

II.6.3. The Commission may, after informing the Contractor, recover amounts established as certain, of a fixed amount and due by offsetting, in cases where the Contractor also has a claim on the Communities that is certain, of a fixed amount and due. The Commission may also claim against the guarantee, where provided for.

Article II.7 Reimbursements

II.7.1. Where provided by the Special Conditions or by Annex I, the Commission shall reimburse the expenses which are directly connected with execution of the tasks on production of original supporting documents, including receipts and used tickets.

II.7.2. Travel and subsistence expenses shall be reimbursed, where appropriate, on the basis of the shortest itinerary.

II.7.3. Travel expenses shall be reimbursed as follows:

- (a) travel by air shall be reimbursed up to the maximum cost of an economy class ticket at the time of the reservation;
- (b) travel by boat or rail shall be reimbursed up to the maximum cost of a first class ticket;
- (c) travel by car shall be reimbursed at the rate of one first class rail ticket for the same journey and on the same day;
- (d) travel outside Community territory shall be reimbursed under the general conditions stated above provided the Commission has given its prior written agreement.

II.7.4. Subsistence expenses shall be reimbursed on the basis of a daily allowance as follows:

- (a) for journeys of less than 200 km (return trip) no subsistence allowance shall be payable;
- (b) daily subsistence allowance shall be payable only on receipt of a supporting document proving that the person concerned was present at the place of destination;

- (c) daily subsistence allowance shall take the form of a flat-rate payment to cover all subsistence expenses, including accommodation, meals, local transport, insurance and sundries;
- (d) daily subsistence allowance, where applicable, shall be reimbursed at the rate specified in Article I.3.3.

II.7.5. The cost of shipment of equipment or unaccompanied luggage shall be reimbursed provided the Commission has given prior written authorisation.

Article II.8 Ownership of the Results – Intellectual and Industrial Property

Any results or rights thereon, including copyright and other intellectual or industrial property rights, obtained in performance of the Contract, shall be owned solely by the Community, which may use, publish, assign or transfer them as it sees fit, without geographical or other limitation, except where industrial or intellectual property rights exist prior to the Contract being entered into.

Article II.9 Confidentiality

II.9.1. The Contractor undertakes to treat in the strictest confidence and not make use of or divulge to third parties any information or documents which are linked to performance of the Contract. The Contractor shall continue to be bound by this undertaking after completion of the tasks.

II.9.2. The Contractor shall obtain from each member of his staff, board and directors an undertaking that they will respect the confidentiality of any information which is linked, directly or indirectly, to execution of the tasks and that they will not divulge to third parties or use for their own benefit or that of any third party any document or information not available publicly, even after completion of the tasks.

Article II.10 Use, Distribution and Publication of Information

II.10.1. The Contractor shall authorise the Commission to process, use, distribute and publish, for whatever purpose, by whatever means and on whatever medium, any data contained in or relating to the Contract, in particular the identity of the Contractor, the subject matter, the duration, the amount paid and the reports. Where personal data is concerned, Article I.8 shall apply.

II.10.2. Unless otherwise provided by the Special Conditions, the Commission shall not be required to distribute or publish documents or information supplied in performance of the Contract. If it decides not to publish the documents or information supplied, the Contractor may not have them distributed or published elsewhere without prior written authorisation from the Commission.

II.10.3. Any distribution or publication of information relating to the Contract by the Contractor shall require prior written authorisation from the Commission and shall mention the amount paid by the Community. It shall state that the opinions expressed are those of the Contractor only and do not represent the Commission's official position.

II.10.4. The use of information obtained by the Contractor in the course of the Contract for purposes other than its performance shall be forbidden, unless the Commission has specifically given prior written authorisation to the contrary.

Article II. 11 Taxation

II.11.1. The Contractor shall have sole responsibility for compliance with the tax laws which apply to him. Failure to comply shall make the relevant invoices invalid.

II.11.2. The Contractor recognises that the Commission is, as a rule, exempt from all taxes and duties, including value added tax (VAT), pursuant to the provisions of Articles 3 and 4 of the Protocol on the Privileges and Immunities of the European Communities.

II.11.3. The Contractor shall accordingly complete the necessary formalities with the relevant authorities to ensure that the goods and services required for performance of the Contract are exempt from taxes and duties, including VAT.

II.11.4. Invoices presented by the Contractor shall indicate his place of taxation for VAT purposes and shall specify separately the amounts not including VAT and the amounts including VAT.

Article II.12 **Force Majeure**

II.12.1. *Force majeure* shall mean any unforeseeable and exceptional situation or event beyond the control of the contracting parties which prevents either of them from performing any of their obligations under the Contract, was not due to error or negligence on their part or on the part of a subcontractor, and could not have been avoided by the exercise of due diligence. Defects in equipment or material or delays in making it available, labour disputes, strikes or financial problems cannot be invoked as *force majeure* unless they stem directly from a relevant case of *force majeure*.

II.12.2. Without prejudice to the provisions of Article II.1.8, if either contracting party is faced with *force majeure*, it shall notify the other party without delay by registered letter with acknowledgment of receipt or equivalent, stating the nature, likely duration and foreseeable effects.

II.12.3. Neither contracting party shall be held in breach of its contractual obligations if it has been prevented from performing them by *force majeure*. Where the Contractor is unable to perform his contractual obligations owing to *force majeure*, he shall have the right to remuneration only for tasks actually executed.

II.12.4. The contracting parties shall take the necessary measures to reduce damage to a minimum.

Article II.13 **Subcontracting**

II.13.1. The Contractor shall not subcontract without prior written authorisation from the Commission nor cause the Contract to be performed in fact by third parties.

II.13.2. Even where the Commission authorises the Contractor to subcontract to third parties, he shall none the less remain bound by his obligations to the Commission under the Contract and shall bear exclusive liability for proper performance of the Contract.

II.13.3. The Contractor shall make sure that the subcontract does not affect rights and guarantees to which the Commission is entitled by virtue of the Contract, notably Article II.17.

Article II.14 **Assignment**

II.14.1. The Contractor shall not assign the rights and obligations arising from the Contract, in whole or in part, without prior written authorisation from the Commission.

II.14.2. In the absence of the authorisation referred to in 1 above, or in the event of failure to observe the terms thereof, assignment by the Contractor shall not be enforceable against and shall have no effect on the Commission.

Article II.15 **Termination by the Commission**

II.15.1. The Commission may terminate the Contract in the following circumstances:

- (a) where the Contractor is being wound up, is having his affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject

- of proceedings concerning those matters, or is in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- (b) where the Contractor has not fulfilled obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which he is established or with those of the country applicable to the Contract or those of the country where the Contract is to be performed;
 - (c) where the Commission has evidence or seriously suspects the Contractor or any related entity or person, of professional misconduct;
 - (d) where the Commission has evidence or seriously suspects the Contractor or any related entity or person, of fraud, corruption, involvement in a criminal organisation or any other illegal activity detrimental to the Communities' financial interests;
 - (e) where the Commission has evidence or seriously suspects the Contractor or any related entity or person, of substantial errors, irregularities or fraud in the award procedure or the performance of the Contract;
 - (f) where the Contractor is in breach of his obligations under Article II.3;
 - (g) where the Contractor was guilty of misrepresentation in supplying the information required by the Commission as a condition of participation in the Contract procedure or failed to supply this information;
 - (h) where a change in the Contractor's legal, financial, technical or organisational situation could, in the Commission's opinion, have a significant effect on the performance of the Contract;
 - (i) where execution of the tasks has not actually commenced within three months of the date foreseen, and the new date proposed, if any, is considered unacceptable by the Commission;
 - (j) where the Contractor is unable, through his own fault, to obtain any permit or licence required for performance of the Contract;
 - (k) where the Contractor, after receiving formal notice in writing to comply, specifying the nature of the alleged failure, and after being given the opportunity to remedy the failure within a reasonable period following receipt of the formal notice, remains in serious breach of his contractual obligations.

II.15.2. In case of *force majeure*, notified in accordance with Article II.12, either contracting party may terminate the Contract, where performance thereof cannot be ensured for a period corresponding to at least to one fifth of the period laid down in Article I.2.3.

II.15.3. Prior to termination under point c), d), e), h) or k), the Contractor shall be given the opportunity to submit his observations.

Termination shall take effect on the date on which a registered letter with acknowledgment of receipt terminating the Contract is received by the Contractor, or on any other date indicated in the letter of termination.

II.15.4. Consequences of termination

In the event of the Commission terminating the Contract in accordance with this Article and without prejudice to any other measures provided for in the Contract, the Contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the letter terminating the Contract, the Contractor shall take all appropriate measures to minimise costs, prevent damage, and cancel or reduce his commitments. He shall draw up the documents required by the Special Conditions for the tasks executed up to the date on which termination takes effect, within a period not exceeding sixty days from that date.

The Commission may claim compensation for any damage suffered and recover any sums paid to the Contractor under the Contract.

On termination the Commission may engage any other contractor to complete the services. The Commission shall be entitled to claim from the Contractor all extra costs incurred in making good and completing the services, without prejudice to any other rights or guarantees it has under the Contract.

Article II.15a Substantial errors, irregularities and fraud attributable to the Contractor

Where, after the award of the Contract, the award procedure or the performance of the Contract prove to have been subject to substantial errors, irregularities or fraud, and where such errors, irregularities

or fraud are attributable to the Contractor, the Commission may refuse to make payments, may recover amounts already paid or may terminate all the contracts concluded with the Contractor, in proportion to the seriousness of the errors, irregularities or fraud.

Article II.16 **Liquidated Damages**

Should the Contractor fail to perform his obligations under the Contract within the time limits set by the Contract, then, without prejudice to the Contractor's actual or potential liability incurred in relation to the Contract or to the Commission's right to terminate the Contract, the Commission may decide to impose liquidated damages of 0.2% of the amount specified in Article I.3.1 per calendar day of delay. The Contractor may submit arguments against this decision within thirty days of notification by registered letter with acknowledgement of receipt or equivalent. In the absence of reaction on his part or of written withdrawal by the Commission within thirty days of the receipt of such arguments, the decision imposing the liquidated damages shall become enforceable. These liquidated damages shall not be imposed where there is provision for interest for late completion. The Commission and the Contractor expressly acknowledge and agree that any sums payable under this Article are in the nature of liquidated damages and not penalties, and represent a reasonable estimate of fair compensation for the losses that may be reasonably anticipated from such failure to perform obligations.

Article II.17 **Checks and Audits**

II.17.1. Pursuant to Article 142 of the Financial Regulation applicable to the general budget of the European Communities, the European Court of Auditors shall be empowered to audit the documents held by the natural or legal persons receiving payments from the budget of the European Communities from signature of the Contract up to five years after payment of the balance.

II.17.2. The Commission or an outside body of its choice shall have the same rights as the European Court of Auditors for the purpose of checks and audits limited to compliance with contractual obligations from signature of the Contract up to five years after payment of the balance.

II.17.3. In addition, the European Anti Fraud Office may carry out on-the-spot checks and inspections in accordance with Council Regulation (Euratom, EC) No 2185/96 and Parliament and Council Regulation (EC) No 1073/1999 from signature of the Contract up to five years after payment of the balance.

Article II.18 **Amendments**

Any amendment to the Contract shall be the subject of a written agreement concluded by the contracting parties. An oral agreement shall not be binding on the contracting parties.

Article II.19 **Suspension of the Contract**

Without prejudice to the Commission's right to terminate the Contract, the Commission may at any time and for any reason suspend execution of the tasks under the Contract or any part thereof. Suspension shall take effect on the day the Contractor receives notification by registered letter with acknowledgment of receipt or equivalent, or at a later date where the notification so provides. The Commission may at any time following suspension give notice to the Contractor to resume the work suspended. The Contractor shall not be entitled to claim compensation on account of suspension of the Contract or of part thereof.

Tender Specifications and Monitoring

ANNEX I Tender No. VT/...../... of

1. Background

1.1. PROGRESS introduction

The Social Agenda (2005-2010) has fixed as its overall strategic goal to promote more and better jobs and to offer equal opportunities for all. The realisation of the Social Agenda relies on a combination of instruments comprising EU legislation, the implementation of open methods of coordination in various policy fields and financial incentives such as the European Social Fund.

The Decision n°1672/2006 establishing a Community programme for employment and social solidarity – PROGRESS was adopted by the European Parliament and the Council on 24 October and published in the OJ on 15 November.

PROGRESS aims at supporting the core functions of the European Community towards fulfilling its Treaty-delegated tasks and powers in its respective areas of competence in the employment and social sphere. PROGRESS mission is to strengthen the EU contribution in support of Member States' commitments and efforts to create more and better jobs and to build a more cohesive society. To that effect, PROGRESS will be instrumental in:

- providing analysis and policy advice on PROGRESS policy areas;
- monitoring and reporting on the implementation of EU legislation and policies in PROGRESS policy areas;
- promoting policy transfer, learning and support among Member States on EU objectives and priorities; and
- relaying the views of the stakeholders and society at large.

More specifically, PROGRESS will support:

- (1) the implementation of the European Employment Strategy (section 1);
- (2) the implementation of the open method of coordination in the field of social protection and inclusion (section 2);
- (3) the improvement of the working environment and conditions including health and safety at work and reconciling work and family life (section 3);
- (4) the effective implementation of the principle of non-discrimination and promotion of its mainstreaming in all EU policies (section 4);
- (5) the effective implementation of the principle of gender equality and promotion of its mainstreaming in all EU policies (section 5).

The present call for tender is issued in the context of the implementation of the 2009 annual plan of work which is consultable at: <http://ec.europa.eu/progress>

1.2. Background information specific to this contract

The prime objective of the new Community strategy on Health and Safety at Work 2007-2012³, supported by the Council Resolution of 25 June 2007⁴, remains the continued

³ Communication from the Commission to the European Parliament, the Council, the European Economic and Social Committee and the Committee of the Regions – Improving quality and productivity at work: Community strategy 2007-2012 on health and safety at work [COM(2007) 62 final of 21 February 2007].

improvement of working conditions and health and safety for workers at work, notably through an ongoing and sustainable reduction in work accidents and occupational diseases. This strategy quantifies the objective of an ongoing, sustainable and uniform reduction in work accidents, stipulating a 25% cut at EU-27 level.

The subject of “emerging risks” is one to which the European Community is alert, not least through the creation of the European Risk Observatory which is managed by the European Agency for Safety and Health at Work (EU-OSHA). “Emerging risks” feature in the Community strategy 2007-2012 which states that:

“The nature of occupational hazards is changing in tandem with the acceleration of innovation, the emergence of new risk factors (violence at work, including sexual and psychological harassment, and addictions) and the transformation of work patterns (working life is becoming more fragmented). These combined factors mean that a better understanding of the problem must be acquired through conducting specialised research in order to identify effective prevention measures.”⁵

In this regard, the Risk Observatory is able to draw upon external contractors and an EU wide network of national institutes that contributes to the collection and the analysis of data. It categorizes the risks under 6 principal themes:

- The psychosocial work environment;
- Musculoskeletal disorders;
- Dangerous substances;
- Knowledge for reproductive risks;
- Occupational health and safety management;
- Multi-factorial risks i.e. risks associated with several cross-factors such as poor ergonomics, noise, MSD, low job control, high time pressure.

The Committee of Senior Labour Inspector's (SLIC) resolution on the Community strategy highlights the importance of labour inspection in this domain:

“... the further development of Labour Inspectorate approaches to address new and emerging health and safety challenges confirms the importance of their preventative role and function in relation to safety and health at work in a broad context. Contemporary challenges about how best to target not only specific work-related health problems but also particular groups of vulnerable or exposed workers (including the young, migrant, elderly, sub-contract or so-called self-employed) figure prominently in this regard.”⁶

Accordingly, the Commission feels appropriate to initiate a contract to improve the understanding and practical implementation of strategies towards coping with new and emerging risks and improving the health and safety protection for workers. A key aspect of this study would be to convert the goals in the preceding paragraph into an operational approach for the labour inspectorates and in particular, occupational health and safety inspectors.

2. Purpose of the Contract

The aim of this contract is to assess how emerging trends and risks are taken into account in labour inspection methodologies in the domain of occupational health and safety.

The scope of the contract is to explore and analyze the approaches inside and outside the EU.

⁴ Council Resolution of 25 June 2007 on a new Community strategy on health and safety at work (2007-2012), OJ C 145, 30.06.2007, p. 1.

⁵ European Commission, *Improving quality and productivity at work: Community strategy 2007-2012 on health and safety at work*, COM (2007) 62 final, Brussels, 21.2.2007, p.13

⁶ SLIC, *Resolution on the role of SLIC in the Community Strategy on health and safety at work 2007-2012*, October 2007, p.5

With this contract the Commission wants to collect information about emerging trends and risks, how these trends will influence the work of labour inspectorates, how the work of the labour inspectorates can be modified/adjusted to take be prepared for the upcoming challenges. The project should provide practical advice.

Thereby the following sub-themes need to be covered in the contract :

- i. Anticipating the skill needs of the labour inspectorates and equipping people (inspectors or the workforce in general) for managing new and emerging risks.
- ii. Which role for the national labour inspectorates in the early identification of new and emerging risks.
- iii. Opportunities / Mechanisms to convert information / trends on new and emerging risk(s) into effective operational practices.

More specifically, the subject of the contract is to provide a sound analysis and proper assessment of the current state of the art and development of the main actions taken by national authorities inside and outside the EU.

It is foreseen that its results will be disseminated, also within the framework of a mutual learning process mainly through the dissemination of good practice in one or more seminars/meetings as well as on EUROPA.

3. Tasks to be performed by the Contractor

3.1. Description of tasks

The contractor is expected to produce an inception report, an intermediate report, a draft final report, and a final report (see point 5.1). All reports have to be validated by the Commission. Additionally, the contractor must also be available to present the results of the study at an internal seminar in the Commission as well as at an external event.

To avoid imposing significant demands on national authorities to provide information, for instance through surveys and questionnaires, demands by the contractor should be kept proportionate and minimized wherever possible for example, by using published sources of information.

Task 1: Exhaustive and detailed inventory

- i) a brief but comprehensive description and analysis of the concept of "new and emerging risks", "early identification", "skill(s)" and "labour force needs";
- ii) identify (mapping) the practices and strategies implemented by authorities / organisations / institutes;
- iii) how to address specific target groups (e.g. young workers, precarious workers, home workers, women, disabled etc facing specific risks at work) and their employers to enhance and adapt their competencies to new and emerging risks (e.g. sectoral strategies, specific initiatives, projects, etc).

Task 2 : Data collection and assessment

- iv) an analysis and synthesis of data on the practices and strategies and activities undertaken;
- v) new initiatives implemented in order to face the new trends and changing labour environment, with evidence of success or impact;
- vi) investigate and identify which target-groups are mainly affected, how they are addressed and through which specific paths/approaches;
- vii) pinpoint emerging shortages and gaps in "skills", "prevention" and "protection";

Task 3 : Analysis and Forward looking

- viii) explore possible innovative ways to improve the labour inspection services' ability / capacity to respond to new trends (e.g. through effective partnerships with other NGOs and organisations, and the role of civil society in the labour inspection process);
- ix) how to further develop what has been achieved so far, by describing (and, where possible, assessing) the different methods used by labour inspectorates (and other bodies/authorities) to deliver their actions/programmes;
- x) an analysis of the potential for co-operation, collaboration and synergism that can be further exploited via other policy domains e.g. mental health in the workplace (Health), nanotechnologies (Environment / Enterprise);
- xi) the analysis of the "potential" should ideally be elaborated in terms of SWOT (Strengths, Weaknesses, Opportunities, and Threats) analysis;
- xii) resource needs for the future trends and demands on national labour inspectorates;

Task 4: Good practices and transfer of findings

- xiii) the identification and selection of good practices to implement new approaches and strategies to address the impact of emerging trends and risks, which reflect / are sensitive to national situations and cultural diversity;
- xiv) the identification of ways of fertilization / (transnational) dissemination of good practices;

Task 5: Final report, publication and dissemination of the results

- xv) a comparative analysis of the various initiatives and their results. This report will summarize the work carried out under tasks 1 to 4. It will include, in particular, the type of initiatives, one sheet per country, and the presentation of case studies;
- xvi) the participation in one or 2 seminars/meetings.

Other tasks to be carried out

In executing this contract, the contractor will be expected to work closely with the Commission. The contractor will appoint a person to coordinate the project, who will be the Commission's contact point.

The implementation of the contract will be monitored by a steering committee comprising persons representing the contractor, the relevant Commission services and external experts.

The contractor will attend a maximum of 5 meetings in Luxembourg during the term of the contract. Budget resources should therefore be earmarked for these participations in the bid. The contractor must attend the meetings referred to in these specifications and must take account of the steering committee's suggestions and recommendations during the progress of the work.

A maximum of five (5) trips from the contractor's place of work to the Commission's offices in Luxembourg should be foreseen: kick-off meeting, presentation of inception report, presentation of intermediate report, presentation of draft final report, and presentation of final report

The contract should have the following features:

- the text of all documents will be drafted in English;
- the final report will be delivered in English both in accessible electronic (Word – or compatible – and PDF) and paper form (10 copies). The executive summary and the key points will be provided in English, French and German. Key points should be concise, sharp and easily understandable;
- the final report must contain a bibliography on the subject (CEN – CENELEC - ISO), available at the EU-27 Member States, EFTA-EEA and EU candidate and pre-candidate

countries level and from international bodies and institutions (ILO – WHO – IMO – etc.) as well as a glossary of technical terms used, and definitions to assist the understanding.

Beyond these outputs, the contractor is requested to develop a concept to communicate the findings of this contract to stakeholders. The needs and communication habits of labour inspectorates and their inspectors in the field of health and safety in the workplace should be paid particular attention to. In order to facilitate updating and broad access also an electronic tool should be considered.

3.2. Methodology

In their bids, tenderers must indicate the methods they intend to use. Bids must contain evidence of the tenderer's ability to perform the tasks set out in section 3.1, the rigour of the proposed approach (methodology) and the ability to meet the requirements expressed in section 2 "Purpose of the contract" which will be among the factors governing the award of the contract.

Tenderers may choose not to give full details of their methodology unless they are awarded the contract. But in their bid they **must clearly indicate** the fundamental elements of the methodology allowing the objectives set out in section 2 to be achieved. In this case, they must indicate their intention in their bid, and include a summary of the methodology.

The methodology must enable the identification, analysis and assessment of the various elements cited in sections 2 and 3.1 and should not be restricted to documentary identification and analysis. It must also show the approach envisaged and its suitability for reflecting correctly the requirements expressed in sections 2 and 3.1 as well as the work plan, which will be among the factors governing the award of the contract.

The methodology described above and the work plan proposed will be among the factors governing the award of the contract.

3.3. Guide to how the activities will be carried out

The PROGRESS Programme aimed at promoting gender mainstreaming in all its five policy sections and commissioned or supported activities. Consequently, the Contractor will take the necessary steps to ensure that:

- Gender equality issues are taken into account when relevant for the drafting of the technical offer by paying attention to the situation and needs of women and men;
- Implementation of the requested tasks includes a gender perspective by considering systematically women and men dimension.
- Performance monitoring includes the collection and gathering of data disaggregated by sex when needed.
- its proposed team and/or staff respects the gender balance at all levels.

Equally, needs of disabled people shall be duly acknowledged and met while executing the requested service. This will in particular entail that where the Contractor organises training sessions, conference, issues publications or develops dedicated websites, people with disabilities have equal access to the facilities or the services provided.

Finally, the Contracting Authority encourages the Contractor to promote equal employment opportunities for all its staff and team. This entails that the Contractor shall foster an appropriate mix of people, whatever their ethnic origin, religions, age, and ability.

The Contractor will be required to detail in its activity report accompanying the request for the final instalment the steps and achievements it made towards meeting these contractual provisions.

4. Expertise required ⁷

See Annex IV.

⁷ See Article II.1 as regards the replacement of experts.

Specific requirements other than those mentioned in Annex IV

In order to carry out the required analyses and assessments properly in a way that lets the Commission feel confident that the tasks can be effectively carried out to its satisfaction; tenderers must have solid background knowledge and experience in the following areas:

- Socio-economic analysis in issues related to the protection of safety and health and the working environment;
- Evaluation of the technical merits of measures for the prevention of occupational risks;
- Risk assessment methodologies aimed at addressing specific safety and health risks, preferably in workplace settings;
- Evaluation of approaches to managing occupational safety and health;
- Drafting of guidelines, or at least of drafting guidance to tackle specific health risks; preferably in workplace settings;
- Use of statistical information and its analysis.

Tenderers are required to provide evidence of their experience and competence in the aforementioned areas.

Tenderers interested in carrying out the examination are invited to put forward a team of experts who can demonstrate a solid experience on the field of the examination and documented good knowledge.

5. Schedule of reports – Terms for approval, structure and content

See Article I.4.

5.1. Additional requirements (specific deadlines for the performance of tasks):

The full duration of the contract will be **18 months**, from the date of contract signature. The project is expected to produce one inception report, one intermediate report, and a final report, on the basis of the following indicative timetable:

Kick-off meeting (within **one month** after the signature of the contract)

Inception meeting – to prepare for the meeting the contractor is expected to provide an inception report, specifying the plan of work, the distribution of tasks in the team and the methodological tools of the study (**3 months** after the signature of contract). The contractor will submit to the European Commission (Unit EMPL F/4), and then present at a meeting with the Commission department responsible (EMPL F/4) in Luxembourg, a detailed account of the methodology, work plan and approach which the contractor intends to use, together with the work timetable. The methodologies, the approach adopted, the work plan and the work schedule will be submitted by the contractor in English.

Intermediate report – to cover the progress of work done and first results should be submitted within **8 months** after the signature of the contract. The intermediate report should explain progress made so far, covering tasks 1 to 3 described under point 3 above (8 months after the signature of the contract). The interim report should include sufficient information to permit reorientation, if appropriate and required and will contain the information:

- a) On the remaining work to be carried out;
- b) Any particular problems encountered that would have a notable effect on the tasks to be carried out;
- c) Information and clear references on sources of information used and to be used and the value of their methodologies if appropriate.

This interim report must be in English and should be presented and discussed at a meeting of the Commission department responsible (EMPL F/4) in Luxembourg.

Draft final report – to present the draft final report, to be written in English for a maximum 100 pages, excluding annexes (**14 months** after the signature of the contract). The draft final report should cover tasks 1 to 5 under point 3 above and contain:

- 1) descriptive fiches on good practices which can be published on the website for dissemination purposes and
- 2) the conclusions and recommendations of the study, which should be presented in a very clear and concise way.

This draft final report (in English) will be discussed by the steering committee at a meeting held in Luxembourg within 1 month of its receipt by the Commission (Unit EMPL F/4). The conclusions of the meeting of the steering committee will be taken into account by the contractor in preparing the draft final report.

Final report : the European Commission (Unit EMPL F/4) may transmit objections and comments to the contractor within **2 months** of receipt of the draft final report. The contractor will then have **1 month** to present the final report (**17 months** after signature of the contract), in English, taking these objections and comments into account or presenting another point of view. The final report will include a PowerPoint Presentation explaining the context and the results of the study, as well as speaking points (30 minutes presentation) in English, French and German.

When submitting the final report, the contractor may obtain written confirmation of acceptance.

All reports described above will be submitted in English, in 3 hard copies as well as in electronic format. As a matter of principle, with a view to favouring valorisation by the European Commission of all results obtained and outputs delivered under PROGRESS programme, the Contractor will be required to provide - either upon specific request or in any event with the final activity report - for each of the tasks required under the present Call the following:

- Presentation of their key points in one page. Key points should be concise, sharp and easily understandable. They shall be provided in English, French and German. Other Community languages would be welcome even if not compulsory.
- And an executive summary in 5/6 pages in English, French and German.

NB:

The methodology and work plan, together with the various reports (intermediate report, draft final report, final report) referred to in this section, must be submitted to the European Commission (Unit EMPL F/4) both on paper (in triplicate) and in a widely-used electronic format (CD-ROM or DVD). The contractor must also supply a copy of the information collected as mentioned in sections 3 and 5 and used in preparing the draft and the final report. Pictograms, pictures, graphics and other illustrations must also be presented in a widely-used electronic format.

5.2. Publicity and information requirements

In accordance with the General conditions, all contractors are under the obligation to acknowledge that the present service has been commissioned for the Community in all documents and media produced, in particular final delivered outputs, related reports, brochures, press releases, videos, software, etc, including at conferences or seminars. In the context of the Community Programme for Employment and Social Solidarity – PROGRESS, the following formulation shall be used:

This (publication, conference, training session etc) is commissioned under the European Community Programme for Employment and Social Solidarity - PROGRESS (2007-2013).

This programme is managed by the Directorate-General for Employment, social affairs and equal opportunities of the European Commission. It was established to financially support the implementation of the objectives of the European Union in the employment and social affairs area, as set out in the Social Agenda, and thereby contribute to the achievement of the Lisbon Strategy goals in these fields.

The seven-year Programme targets all stakeholders who can help shape the development of appropriate and effective employment and social legislation and policies, across the EU-27, EFTA-EEA and EU candidate and pre-candidate countries.

PROGRESS mission is to strengthen the EU contribution in support of Member States' commitment. PROGRESS will be instrumental in:

- *providing analysis and policy advice on PROGRESS policy areas;*
- *monitoring and reporting on the implementation of EU legislation and policies in PROGRESS policy areas;*
- *promoting policy transfer, learning and support among Member States on EU objectives and priorities; and*
- *relaying the views of the stakeholders and society at large*

For more information see:

<http://ec.europa.eu/social/main.jsp?catId=623&langId=en>

For publications it is also necessary to include the following reference: "The information contained in this publication does not necessarily reflect the position or opinion of the European Commission"

With regard to publication and any communication plan linked to the present activity, the Contractor will insert the European Union logo and mention the European Commission as the Contracting Authority in every publication or related material developed under the present contract.

5.3 Reporting requirements

PROGRESS will be implemented through a results-based management - RBM. Managing for outcomes and results is about working to maximise results for European citizens. This includes :

- Identifying the most important results for European citizens;
- Managing for these results, including setting clear desired results, implementing plans based upon these results and learning about 'what works' in the process;
- Seizing opportunities to work together whenever this helps achieve the results.

As a first step, a Strategic Framework for the implementation of *PROGRESS* has been developed in collaboration with Member states and organisations from the civil society. The Strategic Framework provides the framework for implementing *PROGRESS*, complemented by the Performance Measurement, which defines *PROGRESS* mandate, its long-term and specific outcomes. See in Annex the overview of *PROGRESS* performance measurement framework. For more information on the strategic framework, please visit *PROGRESS* website.

The Commission will in that context monitors the effect of *PROGRESS* supported or commissioned initiatives and considers how these initiatives contributes to *PROGRESS* outcomes as defined in the Strategic Framework. In that context, the Contractor will be asked to loyally work in close cooperation with the Commission and/or persons authorised by it to define their expected contributions and the set of performance measures against which their contribution will be assessed. The Contractor will be asked to collect and report on its own performance to the Commission and/or persons authorised by it against a template which will be annexed to the contract. In addition, the Contractor will make available to the Commission and/or persons authorised by it all documents or information that will allow *PROGRESS* performance measurement to be successfully completed and to give them the rights of access.

Fiscal provisions regarding invoicing by the Contractor

Choose 1 out of 4 options:

- (**option 1:** the Contractor is subject to VAT and his place of fiscal imposition is in Belgium)

Local supplies and services

Supplier with fiscal imposition place in Belgium – delivery address in Belgium

1. VAT exemption – Exemption level

In Belgium, the terms of the present Contract have the same value as the VAT exemption request No 450 (VAT exemption – Article 42, § 3.3, VAT Code).
The European Commission benefits of a direct VAT exemption for all invoices EUR 123.95 and more.

2. Invoicing the Commission

An invoice will be made for each payment related to the present Contract. The applied VAT rate and amount shall be specified.

In view of VAT exemption, invoices addressed to the European Commission should bear the mention:
“Exonération de la TVA, article 42, § 3.3, du code de la TVA” or
“Vrijstelling van BTW, artikel 42, § 3.3, BTW-Wetboek”.

The above indication is given only as piece of information. The Contractor must refer to the Belgian national laws.

- (**option 2:** the Contractor is subject to VAT and his place of fiscal imposition is a Member State other than Belgium)

Intra-community supplies and services

Supplier with fiscal imposition place in a Member State other than Belgium – delivery address in Belgium

1. VAT exemption level

The European Commission benefits of a direct exemption of VAT for all invoices of EUR 123.95 and more.

2. Use of form 15.10

To allow the Contractor to justify to the fiscal authorities an invoicing to the European Commission using a 0% VAT rate (direct exemption) or to enable the benefit of the exemption by reimbursement, it is necessary to use the form 15.10.

These forms have recently been up-dated, and the new versions are the only ones to remain in official use. They entered into force on 01.04.1997, with a new ref. XXI/03278 – 01.04.1997.

See attached document: 2 pages and 1 page of explanatory notes.

3. Signature of the form 15.10 – Delegation of signature

The forms must normally be signed by the fiscal authorities of Belgium. However, a delegation of signature has been awarded by the Belgium authorities to the European Commission – ref. ET 76430 of 22.12.1992 (this ref. No. should be inserted in box 7 of new form 15.10). The Commission being represented for the present Contract by Costas CONSTANTINOU, Head of Unit - EMPL/F/4 of Employment, Social Affairs and Equal Opportunities DG, form 15.10 will therefore be signed by the latter.

4. Invoicing the Commission

An invoice will be made for each payment related to the present Contract. The applied VAT rate and amount shall be specified. Concerning the direct VAT exemption or VAT exemption by the way of reimbursement, the invoice shall bear all the necessary mentions.

The above indication is given only as piece of information. The Contractor must refer to the national laws in force in his Member State of fiscal imposition.
