

# 3<sup>rd</sup> European Demography Forum

Brussels, 22-23 November 2010

## *Initiatives to Promote Active Ageing*

Dear Forum Participant,

During the three parallel workshops on "Making Active Ageing a Reality in Europe", we want to look at specific initiatives through which stakeholders at all levels could contribute to the goal of active ageing, notably in the context of a European Year as proposed by the Commission.

We would like to hear from as many Forum participants as possible what they think could and should be done in their respective areas of responsibility. Your specific proposals for initiatives and commitments related to active ageing will be forwarded to the chairpersons, rapporteurs and, where appropriate, panellists so that they can refer to them in the debate.

**Please return this form, which you can fill in in English, French or German as soon as possible to:**

**[EMPL-DEMOGRAPHY-GROUP@ec.europa.eu](mailto:EMPL-DEMOGRAPHY-GROUP@ec.europa.eu)**

Many thanks in advance!

Julius Op de Beke, on behalf of the organising team
