Official Journal of the European Union

L 360/103

ANNEX III

ANNEX 30A

1. Introductory notes to the tables

Note 1. Generalities

- 1.1. The summary declaration that must be lodged for goods entering or leaving the customs territory of the Community contains the information detailed in Tables 1 to 5 for each of the situations or modes of transport concerned. The diversion request that needs to be made where an active means of transport entering the customs territory of the Community is to arrive first at a customs office located in a Member State that was not declared in the entry summary declaration contains the information detailed in Table 6.
- 1.2. Tables 1 to 7 include all data elements necessary for the procedures, declarations and diversion requests concerned. They provide comprehensive views of the requirements necessary for the various procedures, declarations and diversion requests.
- 1.3. The headings of the columns are self-explanatory and refer to these procedures and declarations. In case of temporary storage, data in the column "Entry summary declaration" of Table 1 shall be used.
- 1.4. An "X" in a given cell of the tables indicates that the data element concerned is requested for the procedure or declaration described in the title of the relevant column at the declaration item of goods level. An "Y" in a given cell of the tables indicates that the data element concerned is requested for the procedure or declaration described in the title of the relevant column at declaration header level. A "Z" in a given cell of the tables indicates that the data element concerned is requested for the procedure or declaration described in the title of the relevant column at the conveyance report level. Any combination of these symbols "X", "Y" and "Z" means that the data element concerned can be requested for the procedure or declaration described in the title of the relevant column at any of the levels concerned.
- 1.5. The use within this annex of the words entry and exit summary declarations refer respectively to the summary declarations provided for under Articles 36a(1) and 182a(1) of the Code.
- 1.6. The descriptions and notes contained in Section 4 in respect of entry and exit summary declaration, of simplified procedures and of diversion requests apply to the data elements referred to in Tables 1 to 7.

Note 2. Customs declaration used as an entry summary declaration

- 2.1. Where a customs declaration, as referred to in Article 62(1) of the Code, is used as a summary declaration, in accordance with Article 36c(1) of the Code, that declaration must, in addition to the particulars required for the specific procedure under Annex 37 or Annex 37A, include the particulars set out in column "Entry summary declaration" of Tables 1 to 4.

Where a customs declaration, as referred to in Article 76(1) of the Code, is used as a summary declaration, in accordance with Article 36c(1) of the Code, that declaration must, in addition to the particulars required for the specific procedure in Table 7, include the particulars set out in column "Entry summary declaration" of Tables 1 to 4.

- 2.2. When Article 14b(3) applies and where a customs declaration, as referred to in Article 62(1) of the Code, is used as a summary declaration, in accordance with Article 36c(1) of the Code, that declaration must, in addition to the particulars required for the specific procedure under Annex 37 or Annex 37A, include the particulars set out in column "AEO Entry summary declaration" of Table 5.

When Article 14b(3) applies and where a customs declaration, as referred to in Article 76(1) of the Code, is used as a summary declaration, in accordance with Article 36c(1) of the Code, that declaration must, in addition to the particulars required for the specific procedure in Table 7, include the particulars set out in column "AEO Entry summary declaration" of Table 5.

Note 3. Customs declaration at export

- 3.1. Where a customs declaration, as referred to in Article 62(1) of the Code, is required, in accordance with Article 182b of the Code, that declaration must, in addition to the particulars required for the specific procedure under Annex 37 or Annex 37A, include the particulars set out in column "Exit summary declaration" of Tables 1 and 2.

Where a customs declaration, as referred to in Article 76(1) of the Code, is required, in accordance with Article 182b of the Code, that declaration must, in addition to the particulars required for the specific procedure in Table 7, include the particulars set out in column "Exit summary declaration" of Tables 1 and 2.

- 3.2. When Article 14b(3) applies and where a customs declaration, as referred to in Article 62(1) of the Code, is required, in accordance with Article 182b of the Code, that declaration must, in addition to the particulars required for the specific procedure under Annex 37 or Annex 37A, include the particulars set out in column "AEO Exit summary declaration" of Table 5.

When Article 14b (3) applies and where a customs declaration, as referred to in Article 76(1) of the Code, is required, in accordance with Article 182b of the Code, that declaration must, in addition to the particulars required for the specific procedure in Table 7, include the particulars set out in column "AEO Exit summary declaration" of Table 5.

Note 4. Other specific circumstances in respect of exit and entry summary declarations and particular types of goods traffic. Note to Tables 2 to 4

- 4.1. The columns "Exit summary declaration — Express consignments" and "Entry summary declaration — Express consignments" of Table 2 cover the required data which shall be provided electronically to customs authorities for risk-analysis purposes prior to departure or arrival of express consignments. Postal services may choose to provide electronically the data contained in those columns of Table 2 to customs authorities for risk-analysis purposes prior to departure or arrival of postal consignments.
- 4.2. For the purposes of this Annex, an express consignment means an individual item carried via an integrated service of expedited/time-definite collection, transport, customs clearance and delivery of parcels whilst tracking the location of, and maintaining control over such items throughout the supply of the service.
- 4.3. For the purpose of this Annex, a postal consignment means an individual item of a maximum weight of 50 kg, conveyed via the postal system in accordance with the rules of the Universal Postal Union Convention, when the goods are carried by or on behalf of holders of rights and obligations under such rules.
- 4.4. The column "Exit — ship and aircraft supplies" of Table 2 covers the data requirements in respect of exit summary declarations for ship and aircraft supplies.
- 4.5. Tables 3 and 4 contain the information necessary for entry summary declarations in the context of road and rail modes of transport.
- 4.6. Table 3 for road mode of transport applies also in case of multimodal transport, unless otherwise provided in Section 4.

Note 5. Simplified procedures

- 5.1. The declarations for simplified procedures referred to in Articles 254, 260, 266, 268, 275, 280, 282, 285, 285a, 288 and 289 contain the information detailed in Table 7.

5.2. The reduced format for certain data elements provided for simplified procedures does not limit or influence the requirements set out in Annexes 37 and 38, notably in respect of the information to be provided in supplementary declarations.

4. Data elements explanatory notes.

MRN

Diversion request: The Movement reference number is an alternative to the following two data elements:

- Identification of the means of transport crossing the border.
- Date and time of arrival at first place of arrival in customs territory.

Declaration

Enter the codes provided for in Annex 38 for SAD Box 1, 1st and 2nd subdivisions.

Number of items ⁽¹⁾

Total number of items declared in the declaration or in the summary declaration.

[Ref.: SAD Box 5]

Unique consignment reference number

Unique number assigned to goods, for entry, import, exit and export. WCO (ISO15459) codes or equivalent shall be used.

Summary declarations: it is an alternative to the transport document number when the latter is not available.

Simplified procedures: the information can be provided where available.

This element provides a link to other useful sources of information.

[Ref.: SAD Box 7]

Transport document number

Reference of the transport document that covers the transport of goods into or out of the customs territory. Where the person lodging the entry summary declaration is different from the carrier, the transport document number of the carrier shall also be provided.

This includes the code for the type of transport document as provided for in Annex 38, followed by the identification number of the document concerned.

This element is an alternative to the unique consignment reference number [UCR] when the latter is not available. It provides a link to other useful sources of information.)

Exit ship and aircraft supplies summary declarations: invoice or loading list number.

Entry road mode of transport summary declarations: this information shall be provided to the extent available and may include both references to TIR carnet and to CMR.

[Ref.: SAD Box 44]

Consignor

Party consigning goods as stipulated in the transport contract by the party ordering transport.

Exit summary declarations: This information must be provided when it is different from the person lodging the summary declaration; this information takes the form of the consignor EORI number whenever this number is available to the person lodging the summary declaration. Where the particulars required for an exit summary declaration are included in

⁽¹⁾ Automatically generated by computer systems.

a customs declaration in accordance with Article 182b(3) of the Code and with Article 216 of this Regulation, this information corresponds to the “Consignor/Exporter” of that customs declaration.

Entry summary declarations: this information takes the form of the consignor EORI number whenever this number is available to the person lodging the summary declaration.

Consignor/exporter

Party who makes or on whose behalf the export declaration is made and who is the owner of the goods or has similar right of disposal over them at the time when the declaration is accepted.

Enter the EORI number referred to in Article 1(16). Where the consignor/exporter does not have an EORI number, the customs administration may assign him an ad hoc number for the declaration concerned.

[Ref.: SAD Box 2]

Person lodging the summary declaration

This information takes the form of the person lodging the summary declaration EORI number.

Entry summary declarations: one of the persons mentioned in Article 36b(3) and (4) of the Code.

Exit summary declarations: party defined in Article 182d(3) of the Code. This information shall not be provided where, in accordance with Article 182a(1) of the Code, the goods are covered by a customs declaration.

Note: This information is necessary to identify the person responsible for presenting the declaration.

Person requesting the diversion

Diversion request: The person making the request for a diversion at entry. This information takes the form of the EORI number of the person requesting the diversion.

Consignee

Party to whom goods are actually consigned.

Entry summary declarations: this element must be provided when different from the person lodging the summary declaration. Where the goods are carried under a negotiable bill of lading that is "to order blank endorsed", the consignee is unknown and his particulars shall be replaced by the following code 10600.

Legal basis	Subject	Box	Code
Annex 30A	Situations where negotiable bills of lading that are "to order blank endorsed" are concerned, in the case of entry summary declarations, where the consignee particulars are unknown.	44	10600

Where this information must be provided, it takes the form of the consignee EORI number whenever this number is available to the person lodging the summary declaration.

Exit summary declarations: In cases referred to in Article 789, this information shall be provided where available.

It takes the form of the consignee EORI number whenever this number is available to the person lodging the summary declaration.

[Ref.: SAD Box 8]

Declarant/representative

To be required if different from the consignor/exporter at export/the consignee at import.

This information takes the form of the declarant/representative EORI number.

[Ref.: SAD Box 14]

Declarant/representative status code

Code representing the declarant or the status of the representative. The codes to be used are those provided for in Annex 38 for Box 14 of the SAD.

Carrier

This information shall be provided where it is different from the person lodging the entry summary declaration.

This information takes the form of the carrier EORI number whenever this number is available to the person lodging the summary declaration. However, in situations covered by Article 183(6) and (8), the EORI number of the carrier shall be provided. The EORI number of the carrier shall also be provided in situations covered by Article 184d(2).

Notify party

Party to be notified at entry of the arrival of the goods. This information needs to be provided where applicable. Where the goods are carried under a negotiable bill of lading that is "to order blank endorsed", in which case the consignee is not mentioned and code 10600 is entered, the notify party shall always be provided.

This information takes the form of the notify party EORI number whenever this number is available to the person lodging the summary declaration.

Identity and nationality of active means of transport crossing the border

Identity and nationality of active means of transport crossing the border of the customs territory of the Community. The definitions provided for in Annex 37 for SAD box 18 shall be used for identity. Where sea and inland waterways transport is concerned, the IMO ship identification number or unique European Vessel Identification Number (ENI) shall be declared. Where air transport is concerned, no information should be provided.

The codes provided for in Annex 38 for SAD box 21 shall be used for nationality where this information is not yet included in the identity.

Rail mode of transport: the wagon number shall be provided.

Identification of means of transport crossing the border

Diversion request: This information shall take the form of the IMO ship identification number, the ENI code or the IATA flight number for sea, inland waterways or air transport respectively.

For air transport, in situations where the operator of the aircraft transports goods under a code-share arrangement with partners, the code-share partners' flight numbers shall be used.

Conveyance reference number ⁽¹⁾

Identification of the journey of the means of transport, for example voyage number, flight number, trip number, if applicable.

For air transport, in situations where the operator of the aircraft transports goods under a code-share arrangement with partners, the code-share partners' flight numbers shall be used.

Rail mode of transport: the train number shall be provided. This data element shall be provided in case of multimodal transport, where applicable.

First place of arrival code

Identification of the first arrival location in the Customs territory. This would be a port for sea, airport for air and border post for land crossing.

The code shall adhere to the following pattern: UN/LOCODE (an..5) + national code (an..6).

Road and rail modes of transport: the code shall follow the pattern provided for customs offices in Annex 38.

Diversion request: the code of the declared customs office of first entry must be provided.

Actual first place of arrival code

Diversion request: the code of the actual customs office of first entry must be provided.

Country code of the declared first office of entry

Diversion request: Codes provided for in Annex 38 for SAD box 2 shall be used.

Date and time of arrival at first place of arrival in Customs territory

Date and time/scheduled date and time of arrival of means of transport at (for air) first airport, (land) arrival at first border post and (sea) arrival at first port, code. n12 (CCYYMMDDHHMM) shall be used. Local time of first place of arrival shall be provided.

Diversion request: This information shall be limited to the date; code n8 (CCYYMMDD) shall be used.

Country(ies) of routing codes

Identification in a chronological order of the countries through which goods are routed between the country of original departure and final destination. This comprises the countries of original departure and of final destination of the goods. Codes provided for in Annex 38 for SAD Box 2 shall be used. This information is to be provided to the extent known.

Exit express consignments summary declarations — postal consignments: only the country of final destination of the goods shall be provided.

Entry express consignments summary declarations — postal consignments: only the country of original departure of the goods shall be provided.

Currency code

Code provided for in Annex 38 for SAD Box 22 for the currency in which the commercial invoice was drawn up.

This information is used in conjunction with "Item amount" where it is necessary for the calculation of import duties.

⁽¹⁾ Information to be produced where appropriate.

Member States may waive this requirement for simplified declarations and local clearance procedures at import where the conditions prescribed in the authorisations associated with these procedures allow them to defer the collection of this data element in the supplementary declaration. [Ref.: SAD Boxes 22 and 44]

Mode of transport at the border

Entry summary declaration: Mode of transport corresponding to the active means of transport in which the goods are expected to enter the customs territory of the Community. In the case of combined transportation, the rules set out in Annex 37 explanatory note for box 21 shall apply.

Where air cargo is transported on modes of transport other than air, the other mode of transport shall be declared.

Codes 1, 2, 3, 4, 7, 8 or 9 as provided for in Annex 38 for SAD box 25 shall be used.

[Ref.: SAD box 25]

Customs office of exit

Code provided for in Annex 38 for SAD Box 29 for the customs office of exit, in accordance with Article 793(2).

Exit express consignments summary declarations — postal consignments: this element does not need to be provided where it can be deduced automatically and unambiguously from other data elements provided by the trader.

Customs office for supplementary declaration

Export incomplete declarations: this element may only be used in cases referred to under Article 281(3).

Location of goods ⁽¹⁾

Precise location where the goods may be examined.

[Ref.: SAD Box 30]

⁽¹⁾ Information to be produced where appropriate.

Place of loading⁽¹⁾

Name of a seaport, airport, freight terminal, rail station or other place at which goods are loaded onto the means of transport being used for their carriage, including the country where it is located.

Entry express consignments summary declarations — postal consignments: this element does not need to be provided where it can be deduced automatically and unambiguously from other data elements provided by the trader.

Road and rail modes of transport: this can be the place where goods were taken over according to the transport contract or the TIR customs office of departure.

Place of unloading⁽¹⁾

Name of the seaport, airport, freight terminal, rail station or other place at which the goods are unloaded from the means of transport having been used for their carriage, including the country where it is located.

Road and rail modes of transport: where the code is not available, the name of the place shall be provided, with the maximum level of precision available.

Note: This element provides useful information for procedure management.

Goods description

Summary declarations: it is a plain language description that is precise enough for Customs services to be able to identify the goods. General terms (i.e. "consolidated", "general cargo" or "parts") cannot be accepted. A list of such general terms will be published by the Commission. It is not necessary to provide this information where the Commodity code is provided.

Simplified procedures: it is a description for tariff purposes.

[Ref.: SAD Box 31]

Type of packages (code)

Code specifying the type of package as provided for in Annex 38 for SAD Box 31 (UN/ECE Recommendation 21 Annex VI)

Number of packages

Number of individual items packaged in such a way that they cannot be divided without first undoing the packing, or number of pieces, if unpackaged. This information shall not be provided where goods are in bulk.

[Ref.: SAD Box 31]

Shipping marks

Free form description of the marks and numbers on transport units or packages.

This information shall only be provided for packaged goods where applicable. Where goods are containerised, the container number can replace the shipping marks, which can however be provided by the trader where available. A UCR or the references in the transport document that allows for the unambiguous identification of all packages in the consignment may replace the shipping marks.

Note: This element helps to identify consignments.

[Ref.: SAD Box 31]

Equipment identification number, if containerised

Marks (letters and/or numbers) which identify the container.

[Ref.: SAD Box 31]

¹ Coded version, where available.

Goods item number⁽¹⁾

Number of the item in relation to the total number of items contained in the declaration, the summary declaration or the diversion request.

Diversion request: where the MRN is provided and the diversion request does not concern all items of goods of an entry summary declaration, the person requesting the diversion shall provide the relevant item numbers attributed to the goods in the original entry summary declaration.

To be used only where there is more than one item of goods.

Note: This element, which is automatically generated by computer systems, helps to identify the item of goods concerned within the declaration.

[Ref.: SAD Box 32]

Commodity code

Code number corresponding to the item in question;

Entry summary declarations: first four digits of the CN code; It is not necessary to provide this information where the goods description is provided.

Import simplified procedures: 10-digit TARIC code. Traders may supplement this information, where appropriate, with additional TARIC codes. Member States may waive this requirement for simplified declarations and local clearance procedures at import where the conditions prescribed in the authorisations associated with these procedures allow them to defer the collection of this data element in the supplementary declaration.

Exit summary declarations: first four digits of the CN code. It is not necessary to provide this information where the goods description is provided.

Exit ship and aircraft supplies summary declarations: a specific simplified goods nomenclature will be published by the Commission.

Export simplified procedures: 8-digit CN code. Traders may complement this information, where appropriate, with additional TARIC codes. Member States may waive this requirement for simplified declarations and local clearance procedures at export where the conditions prescribed in the authorisations associated with these procedures allow them to defer the collection of this data element in the supplementary declaration.

[Ref.: SAD Box 33]

Gross mass (kg)

Weight (mass) of goods including packaging but excluding the carrier's equipment for the declaration.

Where possible, the trader can provide that weight at declaration item level.

Import simplified procedures: this information shall be provided only where it is necessary for the calculation of import duties.

Member States may waive this requirement for simplified declarations and local clearance procedure at import where the conditions prescribed in the authorisations associated with these procedures allow them to defer the collection of this data element in the supplementary declaration.

[Ref.: SAD Box 35]

Procedure

Procedure code as provided for in Annex 38 for SAD Box 37, 1st and 2nd subdivisions.

Member States may waive the obligation to provide the codes as defined in Annex 38 for Box 37, 2nd subdivision of the SAD for simplified declarations and local clearance procedures at import and export where the conditions prescribed in the authorisations associated with these procedures allow them to defer the collection of this data element in the supplementary declaration.

(¹) Automatically generated by computer systems.

Net mass (kg)

Weight (mass) of the goods themselves without any packing.

Member States may waive this requirement for simplified declarations and local clearance procedures at import and export where the conditions prescribed in the authorisations associated with these procedures allow them to defer the collection of this data element in the supplementary declaration.

[Ref.: SAD Box 38]

Item amount

Price of the goods for the declaration item concerned. This information is used in conjunction with "Currency code" where it is necessary for the calculation of import duties.

Member States may waive this requirement for simplified declarations and local clearance procedures at import where the conditions prescribed in the authorisations associated with these procedures allow them to defer the collection of this data element in the supplementary declaration.

[Ref.: SAD Box 42]

Reference number for simplified procedures

It is the reference number of entry into the records for the procedures described in Articles 266 and 285a. Member States may waive this requirement where other satisfactory consignments tracing systems are in place.

Additional information
