COMMUNICATION FROM THE COMMISSION

on the European Citizens' Initiative "Water and sanitation are a human right! Water is a public good, not a commodity!"

ANNEX

PROCEDURAL ASPECTS OF THE RIGHT2WATER CITIZENS' INITIATIVE

In accordance with Article 4(2) of Regulation (EU) No 211/2011 the present initiative was registered on 10/05/2012 and published in the Commission's online register at: <http://ec.europa.eu/citizens-initiative/public/initiatives/ongoing/details/2012/000003>

The members of the citizens' committee registered with the Commission are residents of the following Member States: France, Belgium, Germany, Sweden, Bulgaria, Italy and the United Kingdom.

The initiative was registered in English. Then the organisers provided translations of the title, subject-matter and objectives of the initiative in all official EU languages.

In accordance with the Regulation on the citizens' initiative, the forms used by citizens to give their support to the initiative contained the title, subject-matter and objectives of the initiative. The link to the Commission's online register (see above) was also available on the forms, allowing citizens who wished so to find more detailed information on the initiative, as provided by the organisers in an Annex as part of their registration request. This Annex was available in English only (the organisers did not provide translations of this Annex). This Annex was not necessarily consulted by all citizens who supported the initiative.

The formal 12-month collection period for the initiative ended on 10 May 2013. However, the Commission has accepted statements in support of the initiative up until 1 November 2013, due to the difficulties that most organisers experienced as regards the setting-up of their online collection systems during the start-up phase of the European Citizens' Initiative¹. After the verification of the collected statements of support by the relevant competent Member States' authorities, the organisers submitted their initiative to the Commission on 20 December 2013, together with certificates issued by 25 Member States' authorities and information on their sources of funding and support, in accordance with Article 9 of the Regulation.

The number of valid statements of support indicated in the certificates and information provided by the Member States' competent authorities are reflected in the table below. These figures take into account the additional collection period until 1 November 2013.
