COMMISSION DELEGATED REGULATION (EU) .../...

of 14.7.2016

supplementing Regulation (EU) No 600/2014 of the European Parliament and of the Council with regard to regulatory technical standards concerning the information for registration of third country firms and the format of information to be provided to the clients

(Text with EEA relevance)

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE DELEGATED ACT

The Markets in Financial Instruments Regulation (Regulation (EU) No 600/2014) offers the option to third-country firms to provide investment services or perform investment activities throughout the Union under certain conditions, one of which is to be registered with the European Securities and Markets Authority (ESMA) and to provide certain information items to EU clients. Article 46(7) empowers ESMA to develop regulatory technical standards to specify the information that the applicant third country firms shall provide to ESMA in its application for registration and the format of information to be provided to EU clients.

In accordance with Articles 10 to 15 of Regulation No (EU) 1095/2010 establishing ESMA, the Commission shall decide within three months of receipt of the draft standards whether to endorse them. The Commission may also endorse the draft standards in part only, or with amendments, where the Union's interests so require, having regard to the specific procedure laid down in those Articles.

2. CONSULTATIONS PRIOR TO THE ADOPTION OF THE ACT

ESMA has carried out a public consultation on the draft Technical Standards in accordance with the third subparagraph of Article 10(1) of Regulation (EU) No 1095/2010. In addition to this ESMA sought the views of the Securities and Markets Stakeholder Group (SMSG) set up in accordance with Article 37 of Regulation (EU) No 1095/2010. The SMSG chose not to provide advice on these issues due to the technical nature of the standards.

The ESMA final report sets out the feedback statement to the Consultation Paper which provides an analysis of responses to the consultation, describes any material changes (or confirms that there have been no material changes), and explains the reasons for this in the light of feedback received.

3. LEGAL ELEMENTS OF THE DELEGATED ACT

ESMA is empowered to develop these regulatory technical standards to specify the information that the applicant third country shall provide to ESMA in its application for registration and the format of information to be provided to clients.

The list of information covers very basic information (such as name of firm, contact details, identification codes and information on its authorisation status) that applicant third-country firms will be able to provide to ESMA without any significant impact in terms of costs. Moreover, any compliance costs that third-country firms might incur will be clearly outweighed by the benefits related to the possibility to provide investment services with or without any ancillary services to eligible counterparties and to professional clients per se in the Union.

Articles 1 to 3 set out the information for registration of third country firms and the format in which the information should be provided to clients.

Article 4 provides that the Regulation shall enter into force on the twentieth day following that of its publication in the Official Journal.
