The third European Sustainable Shipping Forum (ESSF) Plenary Meeting took place in Brussels on Thursday, 04\textsuperscript{th} of December 2014. The Plenary approved the establishment of a new subgroup on Port Reception Facilities (PRF) in order to facilitate the work of the Commission to improve the implementation of the operation of the Directive 2000/59/EC on port reception facilities for ship-generated waste and cargo residues, and to discuss and provide feedback to the Commission on PRF related issues.

Furthermore, the Final Reports of the Subgroups on EGCS, Competitiveness and Financing were approved by the Plenary. At the same time it was agreed to extend their duration of work through the next year.

The progress made Subgroups on LNG, Research & Innovation and Implementation was presented and the recommendations were approved.

The next ESSF Plenary meeting is scheduled for June 2015.
