The screenshot shows the CIRCABC Library interface. On the left is a navigation menu with 'Library' selected. The main area shows the 'Accessible' library space containing a 'Koko' space and a 'Content' list. A red arrow points to the '2003_30_EC_2de.pdf' file in the content list, and two red arrows point to the download icons in the 'Actions' column.

Information Service

The Information service provides useful information about the current Interest Group.

General Information

The CIRCA Information System enabling widespread collaborative groups to share information and resources in private workspaces is established for about 15 years. It is planned to be phased out from 2010 on and will be replaced by a redesigned version, the CIRCABC Information System. CIRCABC will offer a more convenient and effective way to process the collaborative daily work. As a major requirement, the service transfer and continuity will be guaranteed without any loss of information. In order to achieve this, a user friendly migration tool has been developed allowing Data Migration Managers to smoothly migrate the complete information including users, rights, content and metadata as well as full history, to the new system.

General process

The migration is based on a tool designed to automatically transfer files and metadata from one CIRCA Interest Group into a new one in CIRCABC.

Frequently asked questions: available in the [newsgroup service](#) in this Interest Group

Migration status

The migration status of each CIRCA categories. **Following dates are indicative, they will depend on response time of each actor of the process.**

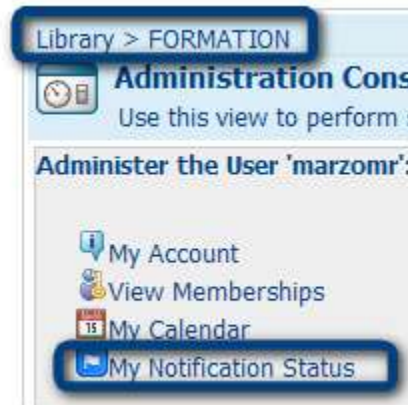

European Commission

Agriculture 02/2011	Budget 03/2011	Competition 2011	Delegations 03/2011	Development 04/2011	Economic and Financial Affairs 04/2011

Notifications:

- Receive an email notification when someone uploads a new document

- **Enhanced security :**
 - Encrypted access (https://)
 - Authentication via ECAS (EC's Authentication System); users can reset their password themselves.
- **High-availability environment (two load-balanced machines: if one falls down, the traffic is taken to the other)**
- **User interface more user-friendly (more intuitive)**
- **Wide accessibility :** CIRCABC is compatible with the WCAG 1.0 (Web Content Accessibility Guidelines),

- **Permissions to specific parts of the Library more easily managed**
- **Possibility to upload several documents at a same time via the upload procedure**
- **Multilingualism more efficient and more easy to manage**
- **Simplified management of versioning**

- **Newsgroups: the forums may be moderated**
- **Information service (sort of micro-website to present the group) easy to use**
- **Meetings: iCal standard. Invitations synchronised with a large range of email systems (outlook, gmail, etc)**
- **Deleted items can be recovered**

Thank you for your attention!

We wish you a nice discovering of CIRCABC

DIGIT-CIRCABC-SUPPORT@ec.europa.eu
