E X P E R T M E E T I N G

**TOWARDS SPECIFICATIONS FOR PRIORITY ACTION (B)
'THE PROVISION OF EU-WIDE REAL-TIME TRAFFIC INFORMATION SERVICES'**

** Draft agenda **

When? 15 April 2013, 10.00 – 16.00

Where? Berlaymont, 1040 Brussels, room Walter Hallstein (1st Floor)

Objective: As part of the ITS Action Plan the European Commission has conducted preparative **studies** on:

- **'Collection and provision of road data & traffic regulations'**,
- **'Accurate data for digital maps'**
- **'Liability aspects of ITS applications and services'**

In parallel the Commission services have started the drafting of specifications under the terms of the Directive 2010/40/EU with regard to priority action (b) 'the provision of EU-wide real-time traffic information services'.

The aim of the meeting would be:

- to present key outcome of preparative work realised;
- to take stock of the viewpoints of experts from Member States and European Parliament, in light of collecting additional information available;
- to discuss and agree on key elements to be retained in the preparation of specifications for priority action (b) (Art. 3 of Directive 2010/40/EU)
