

Eudamed

WG meeting

Brussels, 14th November 2012

**Next developments and Future
improvements following the Eudamed
survey comments**

Interface improvements

- Search and Clear buttons bigger and higher up
- Size of columns modified to ensure full Eudamed reference is always visible
- The "owner" will be a drop down
- The most recent search results will appear first
- Overall links working
- New "Useful links" with more information

Other future improvements Not impacting the xsd – Eudamed 2

- Error messages more clear and precise
- Possibility to upload excel files
- Function to print the search results
- Single report to retrieve all IVD devices
- Users "Self service" function for e-mail notifications on NCARs and CIV

Other future improvements Not impacting the xsd – Eudamed 2

- Performance improvement
- CIV module enhancement
- Stabilisation of the system
- On going process for the User Guide update
- Report functions improvement

Other future improvements to be further analysed

- Confirming several records at the same time
- Multiple drag and drop countries
- Possibility to download in excel format
- Storing and reprocessing searches
- Additional search possibilities
- Query to issue ad hoc reports
