Additional Information

Activity Report

The 2012 issue of the Jean Monnet Conference was held in Brussels on the 13th of November. Till now, we do not receive any documents about this event. A new conference is planned for November 2013

Activity Report

The European University Council for the Jean Monnet Programme usually meets twice per year in the margin of the Jean Monnet reflection activities (Conferences and Seminars). In 2010, the European University Council has notably discussed the priorities of the Jean Monnet calls for proposals and possible themes for future reflection activities by the network of Jean Monnet Professors (active in 68 countries on the five continents).

Other

The European University Council for the Jean Monnet Programme was created following the adoption by the Commission of SEC(89) 1028 on 28 June 1989 that created the Jean Monnet Action. The European University Council provides guidance to the Commission on the academic aspects of the Jean Monnet Programme. The Programme is part of the EU's Lifelong Learning Programme and includes three "key activities": 1) Key activity 1 stimulates teaching, research and reflection on European integration in higher education institutions worldwide. It includes the creation of Jean Monnet Chairs, Centres of Excellence, Modules, information and research activities as well as support for academic associations of professors and researchers in European integration. Originally launched in 1989, these projects are present in 68 countries across the five continents. Between 1990 and 2010, the Action has helped to set up 150 Jean Monnet European Centres of Excellence, 825 Jean Monnet Chairs and more than 1.000 Jean Monnet Modules and permanent courses. These projects bring together 1.500 professors, and reach approximately 500.000 students every year. 2) Key activity 2 provides support for six specific academic institutions: the College of Europe (with campuses in Bruges [BE] and Natolin [PL]), the European University Institute, the European Institute of Public Administration, the Academy of European Law, the International Centre for European Training, and the European Agency for Development in Special Needs Education. 3) Key activity 3 gives support for European-wide associations active in education and training and/or European integration and present in several EU Member States. There is a specific annual call for proposals for the selection of these associations. 4) In addition to the three key activities, the Jean Monnet Programme has created an ongoing debate with the academic world to reflect on political issues of European integration.
