Activity Report

The expert group on implementation of the Rotterdam Convention on international trade in certain dangerous chemicals met on 7 April 2014. The expert group discussed mainly technical issues relating to the implementation of the legislation (Regulation (EC) 689/2008) regulating the export and import of dangerous chemicals. The main topics that were discussed are linked to the functioning of the database used for administrative procedures, problems experienced with the administrative provisions of the legislation and possible solutions, interpretation of certain provisions of the legislation and their implementation and the relationship with national authorities in third countries. In addition, the expert group discussed the technical content of proposals for amendments of the existing legislation as regards addition of further chemicals to the Annexes.
