The quantities covered by aid applications submitted for the period from November 2016 to January 2017 exceed the total maximum volume (12 198 563 kg). An allocation coefficient is therefore fixed. It amounts to 0.12462762 and is to be applied to the quantities covered by aid applications for cow milk delivery reduction in November-December 2016 and January 2017. Only the publication in the Official Journal is authentic.
