January 2015 to December 2019

Maximum EU contribution:

EUR 5,893,287

Coordinator:

Bundesministerium für Verkehr, Innovation und
Technologie (Austria)

<https://www.bmvit.gv.at/en/>

Status:

Closed

Last modified:

March 2023

Action Website:

<https://crocodile.its-platform.eu/>

Thanks to CROCODILE 2, public authorities, road administrations and traffic information service providers ensured coordinated traffic management and control resulting in high quality traveller information services. Partners from Austria, Cyprus, Czech Republic, Germany, Greece, Italy, Poland, Romania and Slovenia worked together to improve cross-border traffic and transport through implementing harmonised and synchronised ITS applications.

The Action directly contributed to Commission Delegated Regulation 886/2013 on the provision of road safety-related minimum universal traffic information free of charge to users as well as the provision of information services for safe and secure parking places for trucks and commercial vehicles. In addition, CROCODILE 2 contributed to the provision of EU-wide real-time traffic information services in line with EU regulation and policy.
