

The background features a complex, abstract network of interconnected nodes and lines, resembling a molecular or data network, in shades of grey and black. The nodes are small dots, and the lines are thin, creating a dense, web-like structure that fills the entire frame.

## ONE HEALTH GOOD PRACTICES TO TACKLE AMR – A CALL

**DESPOINA IATRIDOU**

Senior Policy Officer

Federation of  
Veterinarians of Europe

The AMR SN prepared and launched a call for good practices, which aimed both to **raise the profile of AMR** on the political agenda and to offer **examples of practical solutions**.

### AIM

Sharing examples of **existing good practices**, by identifying those ones fitting closer with the aims of the AMR SN goals.

The best matching examples have been selected to be brought to light and to be given **greater visibility** at the European level

# CASE STUDY COLLECTION (2020-21)

## ONE HEALTH GOOD PRACTICES TO TACKLE AMR – A CALL

**DESPOINA IATRIDOU**

Senior Policy Officer

Federation of  
Veterinarians of Europe

- **Over 40 submissions** received from across Europe.
- **A selection committee** was formed, consisting of AMR SN members or associated AMR experts.
- All submissions assessed against
  - ✓ **compliance with the AMR SN Roadmap** - fulfilling one or more of the 5 key-areas of it
  - ✓ Embracing a **true One Health approach** - human health, animal health, environmental health
- **12 cases** were selected, based on ranked average scores.

**DESPOINA IATRIDOU**

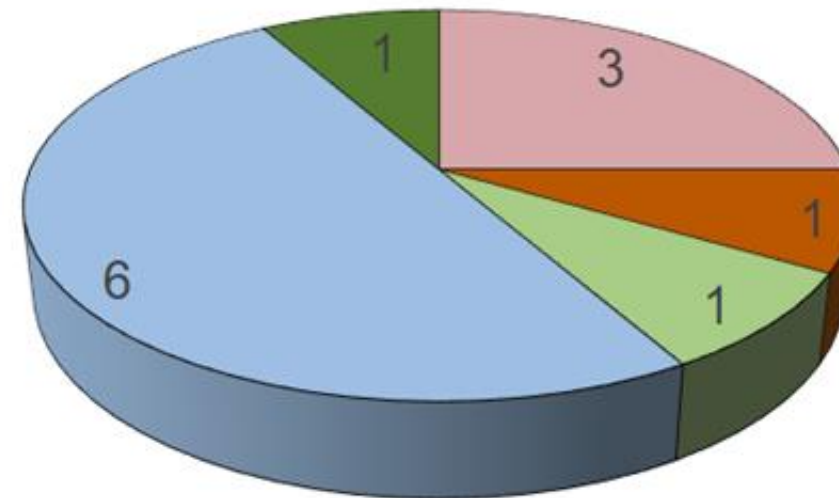

Senior Policy Officer

Federation of  
Veterinarians of Europe

### One health is not yet well understood

- ✓ Some of the submissions were not describing an actual best practice activity
- ✓ **Definitions may be a challenge**, e.g. see discussion around “*vulnerable groups*”
- ✓ **Comparison of activities is not always possible** – each one has its own value
- ✓ Only few case studies were or could be considered as One Health actions

- Patients?
- Children or elder people?
- Farmers?
- Sick animals?
- ...

#### How to compare

- Medical Act
- Awareness campaign
- Impact on humans vs impact on animals
- Geographical distribution
- ...

## ONE HEALTH GOOD PRACTICES TO TACKLE AMR – A CALL

**DESPOINA IATRIDOU**

Senior Policy Officer

Federation of  
Veterinarians of Europe

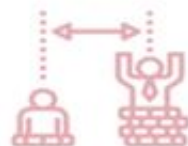

- Implementation of One Health in practice seems to be still in infancy.
- **Environmental** angle is not yet very evident, e.g. participation of plant and agri-sector
- There is an **urgent need for interdisciplinary and cross-sectoral collaboration.**

Set targets and performance indicators

Help countries mobilise resources for better implementation

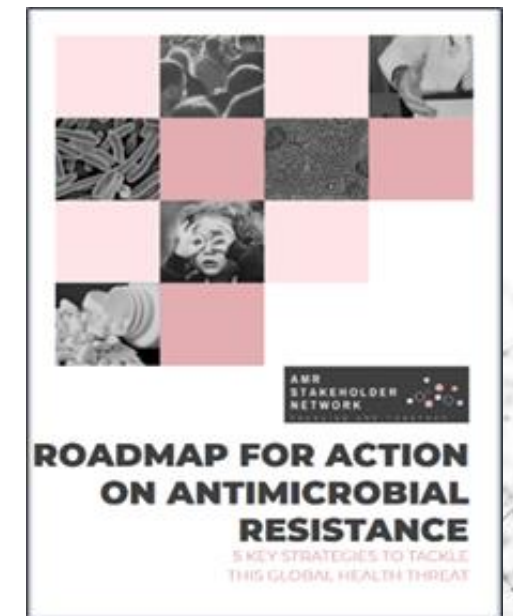

Close the existing collaboration gap between civil society and EU policy-makers

Put prevention at the heart of AMR policy-making

Tackle the environmental dimension of AMR in the framework of the European Green Deal
