

1.1 Patient Summary guidelines minor update

STEFANIE WEBER

MS-Co-Chair of sg on Semantics
BfArM, Germany

Issue at stake

- *Three updated or new guidelines adopted by the eHN*
 - **ePrescription/eDispensation, Laboratory report, and General guidelines**
- *In order to align Patient Summary guidelines with newly adopted guidelines, a minor update was needed*

Summary of changes

- *Alignment of format of definitions*
- *Removal of content redundant in relation to General guidelines*
 - **Six articles changed**
- *Alignment of table structure in the data set section to newly adopted guidelines*
 - **Joining of the metadata section with the header section**
 - **Alignment of element names**

Next steps

- *To be delivered by June 2023, reflection and possible adaptation of:*
 - Existing vaccine code systems
 - Rare disease fields

eHealth Network action requested

- ***adoption of the Patient Summary guidelines release 3.1.***
- ***decision on mandate the subgroup on Semantic to reflect on (and possibly update the patient summary guidelines) on the open points mentioned above.***
