EHDAS supports EU member states and the European Commission in

24TH EHEALTH NETWORK MEETING 1-2 JUNE 2023, STOCKHOLM, SWEDEN

COVER NOTE

10.2. TEHDAS update

1) Introduction

Joint action Tehdas has started in February 2021. It is based on EU4Health Work Programme 2021. TEHDAS supports Member States and the European Commission in building a European health data space by developing principles for the secondary use of health data. The project is being carried out by 25 European countries.

2) Issue at stake

Taking into account that the Joint action Tehdas is coming to the end this summer, the coordinator of the Joint Action TEHDAS will provide an overview of the overall results and the work of the different work packages.

3) Summary

The coordinator of the Joint Action TEHDAS will provide an overview of the overall results and the work of the different work packages.

4) Format of procedure in the meeting

For information.
