

**18<sup>TH</sup> EHEALTH NETWORK 12-13 NOVEMBER 2020, BRUSSELS, BELGIUM**

**COVER NOTE**

**4.1 Update on EU4Health**

**1. Issue at stake**

The EU4Health programme has been reduced by the European Council from almost EUR 10 bn to around EUR 1.7 bn. However, the funds are higher than the ones allocated under the current Health programme.

**2. Summary**

The current EU4Health is under negotiations by the co-legislators. In the proposal of the Commission, the programme foresees funding for the European Health Data Space, including digital infrastructures and digital transformation of health and care. It is clear that, for a meaningful impact, the EU4Health should be supplemented by Digital Europe Programme, Horizon Europe, but also by national funds, Recovery and Resilience Facility, European Regional Development Fund, European Social Fund+, InvestEU etc.

**3. Format of procedure in the meeting**
