

19TH eHEALTH NETWORK 3 JUNE 2021, BRUSSELS, BELGIUM

COVER NOTE

2.1 Digital Green Certificates

1. Issue at stake

Inform the eHealth Network of the state of play with regard to Digital Green Certificates, and discuss open issues.

2. Summary

As part of the response to the on-going pandemic, the Commission has proposed Digital Green Certificates as a means to facilitate free movement of people. The Commission's legislative proposal was adopted on 17 March and is being negotiated in the Council and the European Parliament.

In parallel, the Commission and the eHealth Network are working on a technical solution. This is in consultation with international actors such as the World Health Organization.

3. Format of procedure in the meeting

For discussion
