

19TH eHEALTH NETWORK MEETING 3 JUNE 2021, BRUSSELS, BELGIUM

COVER NOTE

1.3 Update on the Digital Europe Programme

1. Issue at stake

Inform the eHealth Network about the new Digital Europe Programme, in particular the expected digital health actions for the first two years.

2. Summary

The Digital Europe Programme is the first financial instrument of the EU focused on bringing digital technology to businesses and citizens. It has a planned overall budget of €7.5 billion (in current prices).

During the first two years, digital health projects will address a number of topics, such as genomics, cancer imaging, artificial intelligence, testing and experimentation facilities, cybersecurity, and accelerating the use of technologies.

3. Format of procedure in the meeting

For information.
