

Declaration of membership in other organisations/networks

UEMO has strong links with other European Medical organisations on a reciprocal basis: each organisation (UEMS, EANA, EJD,CEOM, CPME) has appointed a Liaison Officer to attend each other organisations' meetings.

UEMO participates to the European Medical Organisations Presidents' Committee.

UEMO has also established a cooperation with Wonca Europe.

But these relations are **not** based on formal membership of any other organisation.

UEMO is represented at the Civil Society Forum of the European Health Emergency Preparedness Authority (HERA) and is a member of the Health Professional Working Party at the European Medicines Agency (HCPWP at EMA).
