### Work experience

---

2021 - CURRENT

**ETHIC COMMITTEE PATIENT PROTECTION - CCP SUD-MED 4 - AGENCE REGIONALE DE SANTE OCCITANIE**

Medical research on human patients. Opinion before new clinical trials or studies involving human persons.

2018 – CURRENT

**MEMBER OF THE PUBLIC HEALTH & ECONOMIC EVALUATION COMMITTEE (CEESP) – HAUTE AUTORITÉ DE SANTÉ (HAS)**

The Economic and Public Health Evaluation Committee (CEESP) issues public health recommendations and technology appraisals in France, based on clinical and economic evidence as well as on other domains (e.g. ethics, organisation).

Technology is inclusive of medicinal products and medical devices, diagnostic and therapeutic techniques, systems of care, screening tools, etc. The committee also reviews single technology assessments from manufacturers and issues opinions on their efficiency, referred to as “efficiency opinion” in HAS publications. The CEESP can be commissioned by an external institution or by the College of HAS. It works in collaboration with other HAS committees.

Paris, France
