

eInvoicing

Implementation Workshop in your Member State

18 April 2019 is the deadline for Member States to transpose into national law and implement the Directive 2014/55/EU on eInvoicing in public procurement (extendable for certain actors).

Therefore, there is no better time to request an Implementation Workshop and/or training on eInvoicing in your Member State!

For who?

- Public entities and policy makers involved in the implementation of the eInvoicing Directive
- Private sector eInvoicing service providers

Trainers

Christian Rasmussen

An experienced eProcurement expert specialized in the execution of large scale ICT projects. Previously worked in the Nordic region (Denmark, Norway and Sweden).

Martin Forsberg

An expert in the area of electronic business, customs and financial processes. Martin was involved in the PEPPOL and eSENS Large Scale Pilots. He is active in standardization committees such as CEN TC434 and OASIS UBL.

Implementation Workshops

- On-site workshops: provided to public entities and policy makers
- One full or half-day workshop
- Combination with bilateral meetings between the European Commission and Member States
- Cyprus, Finland, Estonia, Poland and Greece, Ireland, Croatia and Malta have already organised workshops
- Lessons learned and success stories from early adopters of eInvoicing solutions, presenting the benefits of eInvoicing from a user's perspective
 - Introduction to CEF Building Blocks
 - CEF eInvoicing - What's in it for you?
 - Grant funding for eInvoicing projects
 - The European standard, its compliant syntaxes and their conversion and validation mechanisms
 - Infrastructure based on the CEF eDelivery architecture
 - eInvoicing from a user perspective (including ordering and payments)
 - Examples of Early Adopters of large scale eInvoicing
 - Basic XML using examples from the EN-syntaxes + mapping/conversion considerations
 - XML validation mechanisms
 - Understanding OASIS UBL 2.1 and UN/CEFACT CII D16B

After the Implementation Workshop

- Remote online trainings focused eInvoicing and related topics for specialised target audiences
- Webinars: hour-long sessions based on core elements from on-site and remote trainings to gain expertise in key areas.

This is one of the CEF eInvoicing building blocks services
