

eHDSI Change Management

Last updated: Jul 02, 2019 16:59

Change Management within eHDSI

Functional Mailbox	CP Form Template
Submit your Change Proposals for eHDSI at the following e-mail address: <i>SANTE-EHEALTH-DSI@ec.europa.eu</i>	Speed up Change request by using the simplified add Change Proposal Form Template

The Change Management within eHDSI is organised in 3 pillars:

Scope	Procedure
eHealth DSI Interoperability Specifications view Interoperability Specification	A set of orchestrated steps to handle change requests, according to a commonly agreed work flow build Procedure description
eHDSI Change Proposals Registry (see next section)	
A Change Proposal repository that enables to track and trace requested changes workbox Change Proposals Details	

Table of Contents

- Change Management within eHDSI
- eHDSI Draft Change Proposals
- eHDSI Change Proposals Registry
 - New (Submitted) Change Proposals
 - Under implementation or Implemented Change Proposals
 - Rejected or Deprecated Change Proposals

eHDSI Draft Change Proposals

The below table lists the draft Change Proposals which are being prepared within eHDSI and discussed by the eHDSI communities or work groups.

Disclaimer

The below table aims at offering an overview of the change proposals in the pipeline. The draft change proposals are not considered officially submitted, which means the Change Management process has not yet been started in this case.

#	Change Proposal Title	eHDSI Community/ Work Group (where the draft CP is being discussed)	Status
1	Update the content of the Illnesses and disorders Value Set in the MVC	eHMSEG Semantic Task Force	DRAFT
2			DRAFT

eHDSI Change Proposals Registry

The below registry lists the Change Proposals submitted within eHDSI as of today, split in three sections, depending on their status:

- **New (submitted) Change Proposals** - submitted change proposals that are in the process of being assessed and sent for approval.
- **Under implementation or implemented Change Proposals** - approved change proposals that are to be implemented or already implemented.
- **Rejected or deprecated Change Proposals**

New (Submitted) Change Proposals

#	Change Proposal Title	Description	Status
1	CP-eHealthDSI-031: Representation of fractions for the Strength of Medicinal Product	Sent for policy, technical and eHMSEG assessment on 02 Jul 2019. Deadline: 16 Jul 2019 CP-eHealthDSI-031_Representation of fractions for the Strength of Medicinal Product_v1.0.doc	UNDER ASSESSMENT

Under implementation or Implemented Change Proposals

#	Change Proposal Title	Description	Status	Applicable to Wave
1	CP-eHealthDSI-029: Allow Multiple Code Systems for a single coded data element	Approved at HOMB meeting on 16 Apr 2019. CP-eHealthDSI-029_Allow Multiple Code Systems for a single coded data element_v2.0.pdf	CLOSED /IMPLEMENTED	Wave 3, Prio 1
2	CP-eHealthDSI-028: Allow Displaying Concepts in English	Approved at HOMB meeting on 16 Apr 2019. CP-eHealthDSI-028_Allow Displaying Concepts in English_v2.0.pdf	CLOSED /IMPLEMENTED	Wave 3, Prio 1
3	CP-eHealthDSI-027: Enhance the communication and presentation of "Known absence" and "No information" for PS required sections	Approved at HOMB meeting on 13 Feb 2019. CP-eHealthDSI-027_Enhance the communication and presentation of 'Known absence' and 'No information' for PS required sections_v2.0.pdf	CLOSED /IMPLEMENTED	Wave 3, Prio 1
4	CP-eHealthDSI-026: Extend the value set of Units	Approved at HOMB meeting on 13 Feb 2019. CP-eHealthDSI-026_Extend the value set of Units_v2.0.pdf	CLOSED /IMPLEMENTED	Wave 3, Prio 1
5	CP-eHealthDSI-025: Allow the use of "Original Text" element to clarify the nationally used unit	Approved at HOMB meeting on 13 Feb 2019. CP-eHealthDSI-025_Allow the use of "Original Text" element to clarify the nationally used unit_v1.2.doc	NOT YET IMPLEMENTED	Wave 3, Prio 1
6	CP-eHealthDSI-024: Formalize the "Description" element in the eP list	Approved at HOMB meeting on 13 Feb 2019. CP-eHealthDSI-024_Formalize the "Description" element in the eP list_v1.2.doc	NOT YET IMPLEMENTED	Wave 3, Prio 1
7	CP-eHealthDSI-023: SAML - Update the values for the Structural Role of the HP	Approved at HOMB meeting on 19 Dec 2018. CP-eHealthDSI-023_SAML - Update the values for the Structural Role of the HP_v1.4.doc	IMPEDED * *Missing HP Roles list from the standard to be used.	Wave 3, Prio 2
8	CP-eHealthDSI-021: SAML - Make mandatory the Authentication Method used in Country B	Approved at eHOMB meeting on 19 Dec 2018. CP-eHealthDSI-021_SAML - Make mandatory the Authentication Method used in Country B_v1.2.doc	PARTIALLY IMPLEMENTED	Wave 3, Prio 2
9	CP-eHealthDSI-019: Include Marketing Authorization Holder (MAH) in the description of the Medicinal Product	Approved at 13 Jun 2018, with the slightly updates on the content suggested by Semantic Task Force and Italy. This CP will only impact Wave 3 Specifications. CP-eHealthDSI-019_Include Marketing Authorization Holder (MAH) in the description of the Medicinal Product_v0.4.doc	PARTIALLY IMPLEMENTED	Wave 3, Prio 1
10	CP-eHealthDSI-001 : Add Evidence Emitter Feature	Approved for implementation (25 Apr 2017) CP-eHealthDSI-001_AddEvidenceEmitterFeature_v1.0.pdf	CLOSED /IMPLEMENTED	Wave 1
11	CP-eHealthDSI-002 : Add SMP/SML capabilities	Approved for implementation (27 Feb 2017) CP-eHealthDSI-002_SMP SMLCapabilities_v1.0.pdf	CLOSED /IMPLEMENTED	Wave 1

12	CP-eHealthDSI-008 : Adoption of computable CDA Template specifications (HL7 DSTU template exchange format)	Approved for implementation (01 Feb 2017) CP-eHealthDSI-008_AdoptionOfComputableCDATemplate_v1.0.pdf	CLOSED /IMPLEMENTED	Wave 1
13	CP-eHealthDSI-009 : Formal approval of changes agreed in the EXPAND project for the description of medication	CP-eHealthDSI-009_ConfirmationOfMedicinesRelatedCPAgreedInEXPAND_v1.0.pdf Closed/Implemented - Last change implemented at W2-RC 04 May 2018: Support for the UCUM annotations.	CLOSED /IMPLEMENTED	Wave 1
14	CP-eHealthDSI-010 : Formalization in ART DECOR of the CDA templates used for the transmission of the original Patient Summary and ePrescription	Approved for implementation (01 Feb 2017) CP-eHealthDSI-010_FormalizationOfPS_eP_CDAL1_v1.0.pdf	CLOSED /IMPLEMENTED	Wave 1
15	CP-eHealthDSI-012 : Remove all references to the epSOS LSP, work packages information, project management information, requirements and PAC, HCER and MRO services	Approved for implementation (01 Feb 2017) CP-eHealthDSI-012_RemoveEPSOSLSPReference_v1.5.pdf	CLOSED /IMPLEMENTED	Wave 1
16	CP-eHealthDSI-013 : MVC update for eHDSI Wave 1 Go Live	Approved for implementation (27 Feb 2017) CP-eHealthDSI-013_MVCUpdateForeHDSIWave1GoLive_v1.0.pdf	CLOSED /IMPLEMENTED	Wave 1
17	CP-eHealthDSI-014 : Messaging profile and algorithm binding modification	Closed/Implemented at W2-RC 04 May 2018 CP-eHealthDSI-014_messaging_profile_modification_v1.0.pdf	CLOSED /IMPLEMENTED	Wave 2
18	CP-eHealthDSI-016 : Revision of Semantic Services Specification	Approved for implementation (19 May 2017) CP-eHealthDSI-016_Revision of Semantic Services Specification_v1.0.pdf	CLOSED /IMPLEMENTED	Wave 1
19	CP-eHealthDSI-017 : Change eHDSI connectivity channel from IPSec VPN to TESTA	Approved for implementation (08 Sep 2017) CP-eHealthDSI-017_Change_IPSec-to-TESTA_v1.0.pdf	CLOSED /IMPLEMENTED	Wave 1
20	CP-eHealthDSI-018 : Remove support for multiple prescription items in a single prescription	Closed/Implemented at 15 May 2018 CP-eHealthDSI-018_Prescription_Items_Requirements_v1.0.pdf	CLOSED /IMPLEMENTED	Wave 2

Rejected or Deprecated Change Proposals

#	Change Proposal Title	Description	Status
1	CP-eHealthDSI-030: Confirmation of dispensation by Country A	Rejected at HOMB meeting on 16 Apr 2019. CP-eHealthDSI-030_Confirmation of dispensation by Country A_v2.0.pdf	CLOSED /REJECTED
2	CP-eHealthDSI-022: SAML - Update the values for Purpose of Use to "Treatment"	Rejected at eHOMB meeting on 19 Dec 2018. CP-eHealthDSI-022_SAML - Update the values for Purpose of Use to "Treatment"_v2.0.pdf	CLOSED /REJECTED
3	CP-eHealthDSI-020 : Add Clarification of Dispensation Guidelines to ePrescription Functional Requirements	Rejected at 13 Jun 2018, with the recommendation to draft a new CP for the content which represent changes to normative requirements or specifications. The rest of the content should be used to draft ePrescription Implementation Guidelines or clarify existing eHDSI Requirements. CP-eHealthDSI-020_Add Clarification of Dispensation Guidelines to ePrescription Functional Requirements_v1.0.pdf	CLOSED /REJECTED
4	CP-eHealthDSI-003 : Clarification on the usage of some RFNA optionality	Deprecated at 18 Oct 2016 by: CP-eHealthDSI-008, CP-eHealthDSI-009, CP-eHealthDSI-010	DEPRECATED
5	CP-eHealthDSI-004 : Implementation of the national connector, work-flow manger and access control components	Requester (eHDSI Solution Provider) Deprecated at 08 Dec 2017 as the Change Proposal was not requested.	DEPRECATED

6	CP-eHealthDSI-005 : Implementation of a caching mechanism	Deprecated at 08 Nov 2016 by: CP-eHealthDSI-011	DEP RECA TED
7	CP-eHealthDSI-006 : Adding message signature	Deprecated at 08 Nov 2016 and will be reconsidered later	DEP RECA TED
8	CP-eHealthDSI-007 : Add the eID functionalities	Deprecated at 08 Nov 2016 and will be replaced by the Technical Feasibility Report	DEP RECA TED
9	CP-eHealthDSI-011 : Specification of Configuration Manager into the NCP Architecture	Requester (eHDSI Solution Provider) Deprecated at 08 Dec 2017 as the Change Proposal was not requested.	DEP RECA TED
10	CP-eHealthDSI-015 : Update eHealth DSI PS and eP - NCPeH Deployment Guide : Semantic aspects	Deprecated at 20 Apr 2017 but modifications are taken into account in the current review phase	DEP RECA TED
