

EUNET: European Network for education and training

Name of the organisation: **European Network for Education and Training – EUNET e.V.**

Type: network

Brief description of the activities:

EUNET, the **European Network for Education and Training e.V.**, is a network that brings together NGOs that inform and educate people of all ages about Europe or spread the European idea in any other way.

EUNET's aims are to intensify the exchange of experiences, to improve the quality of our offers as well as to develop and distribute methodical-didactic material and simulations. Plus, we try to inform more people about our members' activities.

EUNET unites, coordinates and pushes forward the several efforts of its members to encourage European integration and to especially involve Europe's citizens into and inform them about this process.
