

INSTITUT FÜR EUROPÄISCHE POLITIK (IEP)

Name of the organisation: **Institut für Europäische Politik (IEP)**

Type: think tank

Membership: Arbeitskreis Europäische Integration/German Member of ECSA; Trans European Policy Studies Association (TEPSA)

Brief description of the activities:

The "Institut für Europäische Politik (IEP)" had been founded in 1959. The major objectives of its work are:

1. to analyse and reflect European politics and integration and to develop ideas, proposals and options for feeding the debate on Europe at national and European level with respect to e.g. widening and deepening of integration and to advancing European democracy, intercultural dialogue and citizenship;
2. to develop appropriate activities in order to promote the transfer of its research results into political practice and to various stakeholders in the national arena and in multilateral frameworks;
3. to disseminate knowledge about the European Union, its institutions and policies, European values and principles through appropriate publications and training activities and networking between politics, administration, the academic world, the media and political education as well as organisations of the civil society in Germany, other member states and accession countries.
