

Name of the organisation:

Jeunes Européens Fédéralistes aisbl / Young European Federalists [JEF]

Type : international youth NGO

Membership: 30.000

Brief description of the activities:

JEF is a supranational, politically pluralist youth organisation with members in over 30 European countries. The aim of JEF is to work for the creation of a European federation as a first step towards peace and a more free, just and democratic society. Our ideas are spread through international activities and youth exchanges, publications, public actions and co-operation with other youth-organisations. Through our activities we raise European awareness (e.g. projects such as Local Europe, Europe@myDesk), empower young people by providing them with training in project management, leadership and lobbying, offer a platform for debate to young Europeans by organising international seminars, conferences and think-tanks.
