## WHAT IS THE INVESTEU PROGRAMME?

The InvestEU Programme will bring together under one roof the multitude of EU financial instruments currently available and expand the successful model of the Investment Plan for Europe, the Juncker Plan. With InvestEU, the Commission will further boost investment, innovation and job creation, triggering at least €650 billion in additional investment.

### WHY DO WE NEED IT?

The investment conditions in Europe have improved since the launch of the Juncker Plan in 2014, thanks to a more favourable economic situation and public interventions such as the European Fund for Strategic Investments (EFSI), the heart of the Juncker Plan. However, there is still a sizeable investment gap in Europe.

- Making EU funds go further. The use of EU budget guarantee can help increase the impact of public funds. Between 2021 and 2027, InvestEU is expected to mobilise at least €650 billion in additional investment.
- Helping Member States leverage their EU funds more effectively. Member States will have the option to channel some of their allocated Cohesion Policy Funds into the InvestEU budget guarantee, providing them with even greater flexibility.
