COMPETITION AND OTHER ECONOMIC MATTERS

Article 53

1. The following are incompatible with the proper functioning of the Agreement, in so far as they may affect trade between the Community and Jordan:

(a) all agreements between undertakings, decisions by associations of undertakings and concerted practices between undertakings which have as their object or effect the prevention, restriction or distortion of competition;

(b) abuse by one or more undertakings of a dominant position in the territories of the Community or Jordan as a whole or in a substantial part thereof;

(c) any public aid which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods.

2. Any practice contrary to this Article shall be assessed on the basis of the criteria resulting from the application of the rules contained in Articles 85, 86 and 92 of the Treaty establishing the European Community, and, for products covered by the Treaty establishing the European Coal and Steel Community, by those contained in Articles 65 and 66 of that Treaty and the Community rules on State aids, including secondary legislation.

3. The Association Council shall, within five years of the entry into force of the Agreement, adopt by decision the necessary rules for the implementation of paragraphs 1 and 2. Until these rules are adopted, the provisions of the Agreement on interpretation and application of Articles VI, XVI and XXIII of the GATT shall be applied as the rules for the implementation of paragraph 1(c) and the relevant parts of paragraph 2.

4. (a) For the purposes of applying the provisions of paragraph 1(c), the Parties recognise that, during the first five years of the entry into force of the Agreement, any public aid granted by Jordan to undertakings shall be assessed taking into account the fact that Jordan shall be regarded as an area identical to those areas of the Community where the standard of living is abnormally low or where there is serious underemployment, as described in Article 92(3)(a) of the Treaty establishing the European Community.

The Association Council shall, taking into account the economic situation of Jordan, decide whether that period should be extended for further periods of five years.
(b) Each Party shall ensure transparency in the area of public aid, inter alia, by reporting annually
to the other Party on the total amount and the distribution of the aid given and by providing,
upon request, information on aid schemes. Upon request by one Party, the other Party shall
provide information on particular individual cases of public aid.

5. With regard to products referred to in Title II, Chapter 2:

- paragraph 1(c) does not apply,

- any practices contrary to paragraph 1(a) shall be assessed according to the criteria established
by the Community on the basis of Articles 42 and 43 of the Treaty establishing the European
Community and in particular those established in Council Regulation No 26/62.

6. If the Community or Jordan considers that a particular practice is incompatible with the terms
of paragraph 1, and:

- is not adequately dealt with under the implementing rules referred to in paragraph 3, or

- in the absence of such rules, and if such practice causes or threatens to cause serious prejudice
to the interest of the other Party or material injury to its domestic industry, including its services
industry,

it may take appropriate measures after consultation within the Association Committee or after 30
working days following referral for such consultation.

With reference to practices incompatible with paragraph 1(c) of this Article, such appropriate
measures, when the GATT is applicable to them, may only be adopted in accordance with the
procedures and under the conditions laid down by the GATT or by any other relevant instrument
negotiated under its auspices and applicable to the Parties.

7. Notwithstanding any provisions to the contrary adopted in conformity with paragraph 3, the
Parties shall exchange information taking into account the limitations imposed by the
requirements of professional and business secrecy.

Article 54

The Member States and Jordan shall progressively adjust, without prejudice to their
commitments respectively taken or to be taken under the GATT, any State monopolies of a
commercial character, so as to ensure that, by the end of the fifth year following the entry into
force of this Agreement, no discrimination regarding the conditions under which goods are
procured and marketed exists between nationals of the Member States and Jordan. The
Association Committee will be informed about the measures adopted to implement this
objective.

Article 55

With regard to public enterprises and enterprises to which special or exclusive rights have been
granted, the Association Council shall ensure that as from the fifth year following the date of
entry into force of this Agreement there is neither enacted nor maintained any measure distorting trade between the Community and Jordan to an extent contrary to the Parties' interests. This provision should not obstruct the performance in law or in fact of the particular tasks assigned to these enterprises.

**Article 56**
1. Pursuant to the provisions of this Article and of Annex VII, the Parties shall grant and ensure adequate and effective protection of intellectual, industrial and commercial property rights in accordance with the highest international standards, including effective means of enforcing such rights.

If problems in the area of intellectual, industrial and commercial property affecting trading conditions were to occur, urgent consultation shall be undertaken, at the request of either Party, with a view to reaching mutually satisfactory solutions.

**Article 57**
The Parties shall aim to reduce differences in standardisation and conformity assessment. To this end the Parties shall conclude where appropriate agreements on mutual recognition in the field of conformity assessment.
