## **COMP/M.5977 - FAURECIA / PLASTAL**

### **SECTION 1.2**

#### **Description of the concentration**

The Proposed Transaction concerns the acquisition of the business and all operative assets of the insolvent Plastal GmbH as well as all shares in Plastal Spain S.A.U. by Faurecia. The acquisition of all assets of Plastal GmbH was already notified to and cleared by the European Commission (see COMP/M.5799 – *Faurecia/Plastal*). Due to the particular provision of Art. 5 para. 2 subpara. 2 EECMR the acquisition of all shares in Plastal Spain S.A.U. is considered as a single concentration together with the already cleared and consummated acquisition of the assets of Plastal GmbH.

Faurecia is a French company quoted on the Paris stock exchange. Faurecia is active worldwide in automotive equipment engineering and production, in particular vehicle seating, interiors, front-ends, and exhaust systems.

The target is active in automotive equipment engineering and production, in particular bumpers, front-end carriers, as well as other plastic components for the automotive industry.

The transaction will not give rise to any significant antitrust concerns. It is welcomed by OEMs being both Faurecia's and Plastal's customers.
