COMP/M.6843 SIEMENS / INVENSYS RAIL

SECTION 1.2

Description of the concentration

On 12 March 2013, the European Commission received notification of a proposed concentration pursuant to Article 4 of the EC Merger Regulation by which Siemens AG would acquire sole control over Invensys Rail within the meaning of Article 3(1)(b) of the EC Merger Regulation.

Siemens is a German stock corporation which offers a wide range of products and services to customers in four business sectors: Energy, Healthcare, Industry and Infrastructure & Cities. The latter includes the Mobility and Logistics division which includes Siemens' railway signalling business.

Invensys Rail, a division of the UK based global technology company Invensys plc, is a global provider of railway signalling projects for the safe and efficient operation of mainline and mass transit trains.
