M.8119 - DIF / EDF / Thyssengas

SECTION 1.2

Description of the concentration

1. DIF Infrastructure IV and Électricité de France intend, as equal shareholders in a consortium, to acquire Thyssengas-group. Thyssengas-group operates a 4,200 km gas transportation network in North West Germany.
2. Électricité de France is an integrated energy company and engages in the generation, transmission, distribution, supply, and trading of energies in France and internationally.
3. DIF is an independent and specialist infrastructure fund management company that invests in infrastructure assets, including Public Private Partnership projects, renewable energy projects and other core infrastructure projects in Europe, North America and Australia.
