**M.9048 - Delta Electronics/Delta Electronics Thailand**

**SECTION 1.2**

**Description of the concentration**

Delta Electronics, Inc. (together with its subsidiaries) (the “**Notifying Party**”) is primarily active in power and thermal management solutions but also present in the manufacturing and sale of industrial automation products, digital display products, telecommunication products, components for consumer electronics products, building automation solutions, renewable energy technology solutions, etc. Further information on the Notifying Party can be found on: [www.deltaww.com](http://www.deltaww.com).

Delta Electronics (Thailand) Public Company Limited (the “**Target**”) is an electronics manufacturing company focused on the production of power supplies, fan and thermal management, power systems, automotive electronics and related products. The products are widely used in applications for automotive, medical, telecommunications, IT, and more. Further information on DET can be found on: [www.deltathailand.com](http://www.deltathailand.com).

***The Transaction***

This notification relates to the proposed potential acquisition of sole control, within the meaning of Article 3(1)(b) of the EU Merger Regulation, over the Target by purchase of shares by the Notifying Party, through its subsidiary Delta Electronics Int’l (Singapore) Pte. Ltd., by means of a conditional voluntary tender offer and the subsequent acquisition of potentially all the Thailand-listed outstanding shares of DET by DEI.

***Reportable markets***

The Proposed Transaction essentially gives rise to two main reportable markets, namely for power supply systems, and fan and thermal management. The Proposed Transaction will not lead to any affected markets.
