PUBLIC VERSION

To the notifying party

**Subject: Case M.8473 – INEOS / DONG E&P
Commission decision pursuant to Article 6(1)(b) of Council Regulation (EC)
No 139/2004¹ and Article 57 of the Agreement on the European Economic Area²**

Dear Sir or Madam,

1. On 24 May 2017, the European Commission received notification of a proposed concentration pursuant to Article 4 of the Merger Regulation by which INEOS Industries Holdings Limited, ultimately a wholly-owned subsidiary of INEOS Limited ('INEOS', United Kingdom), acquires, within the meaning of Article 3(1)(b) of the Merger Regulation, sole control over DONG E&P A/S ('DONG E&P', Denmark), currently controlled by DONG Energy A/S.³
2. The business activities of the undertakings concerned are:
 - INEOS is a global manufacturer of petrochemicals, speciality chemicals and oil products, with limited activities in the upstream oil and gas sector,
 - DONG E&P and its subsidiaries are engaged in the exploration and production of hydrocarbons.
3. After examination of the notification, the European Commission has concluded that the notified operation falls within the scope of the Merger Regulation and of paragraph 5(c) of

¹ OJ L 24, 29.1.2004, p. 1 (the 'Merger Regulation'). With effect from 1 December 2009, the Treaty on the Functioning of the European Union ('TFEU') has introduced certain changes, such as the replacement of 'Community' by 'Union' and 'common market' by 'internal market'. The terminology of the TFEU will be used throughout this decision.

² OJ L 1, 3.1.1994, p. 3 (the 'EEA Agreement').

the Commission Notice on a simplified procedure for treatment of certain concentrations under Council Regulation (EC) No 139/2004.⁴

4. For the reasons set out in the Notice on a simplified procedure, the European Commission has decided not to oppose the notified operation and to declare it compatible with the internal market and with the EEA Agreement. This decision is adopted in application of Article 6(1)(b) of the Merger Regulation and Article 57 of the EEA Agreement.
