M.9926 — ADI/MAXIM

SECTION 1.2

Description of the concentration

On 24 February 2021, the Commission received a notification of the proposed transaction (“Transaction”) pursuant to Article 4 of Council Regulation (EC) No 139/2004 and following a referral pursuant to Article 4(5) of Council Regulation (EC) No 139/2004.

The Transaction concerns the acquisition by ADI of the global activities of Maxim. The Transaction was announced on 13 July 2020.

ADI is a public global technology company headquartered in the US. It designs, manufactures and markets a broad portfolio of solutions, including ICs, algorithms, software and subsystems that use analogue, mixed-signal and digital signal processing technologies. ADI’s products serve customers across the globe in a number of sectors, including the industrial, communications, automotive and consumer sectors.

Maxim is a public global technology company headquartered in the US. It designs, develops, manufactures and markets a broad range of analogue, mixed-signal and digital ICs. Its products serve customers in diverse geographic locations in the automotive, communications and data centre, computing, consumer and industrial sectors.
