M.10777 - PLASTIC OMNIUM / VARROC (LIGHTING DIVISION)

SECTION 1.2

Description of the concentration

On 6 July 2022, Compagnie Plastic Omnium SE (“**Plastic Omnium**”) notified a transaction whereby it intends to acquire within the meaning of Article 3(1), point (b) of the EU Merger Regulation, sole control of Varroc’s Lighting System division (“**VLS**”) from Varroc Engineering Limited and VarrocCorp Holding BV.

Plastic Omnium is a family-led independent group that operates globally as an automotive Tier-1 supplier, specialised in the development, manufacture and supply of components and modules/systems, mainly for light vehicles (bumpers, hatchbacks/tailgates and spoilers, fuel storage and delivery systems fuel cell stacks and hydrogen vessels and integrated hydrogen systems). Through its joint-venture HBPO, Plastic Omnium also develops, manufactures and supplies active grille shutters, module solutions for vehicle interiors (cockpits and centre consoles), solutions for electric vehicle charging as well as develops, assembles and supplies FEMs, all for light vehicles.

VLS is a group of companies that operates globally. It is specialised in the development, manufacture and supply of automotive lighting and more particularly exterior lamps for light vehicles.
