With effect from 1 December 2009, the Treaty on the Functioning of the European Union ('TFEU') has introduced certain changes, such as the replacement of 'Community' by 'Union' and 'common market' by 'internal market'. The terminology of the TFEU will be used throughout this decision.

2. The business activities of the undertakings concerned are the following:
  - TotalEnergies: publicly traded energy company engaged on a global scale in the oil and gas industry. TotalEnergies is also globally active in the renewable energy, power generation sectors, and carbon neutrality businesses,

  - Clearway Energy Group: energy infrastructure investor focusing on investments in the United States,
  - SunPower Group: solar technology and energy services provider in the United States and Canada.
3. After examination of the notification, the European Commission has concluded that the notified operation falls within the scope of the Merger Regulation and of paragraph 5(a) of the Commission Notice on a simplified procedure for treatment of certain concentrations under Council Regulation (EC) No 139/2004.<sup>4</sup>
4. For the reasons set out in the Notice on a simplified procedure, the European Commission has decided not to oppose the notified operation and to declare it compatible with the internal market and with the EEA Agreement. This decision is adopted in application of Article 6(1)(b) of the Merger Regulation and Article 57 of the EEA Agreement.
