Description	
Country of origin	China
Alert submitted by	Ireland
Risk type	Fire
Risk	The product poses a serious risk because lit tea light causes it to catch fire. It appears that affected products may have been damaged in the production process and glued back together. As a result, when a lit tea light is placed in the product it catches fire if there is glue present. Two incidents have been reported.
Measures adopted by notifying country	Voluntary withdrawal from the market by the distributor
