

Safety Gate: Rapid Alert System for dangerous non-food products

Alert number	1078/08
Category	Electrical appliances and equipment
Type of alert	Products with serious risks
Product user	Consumer
Product	Mobile phone charger
Brand	Montt
Name	
Type / number of model	E 530, on product: model: ST- 099G1, EAN code: 8592303005209
Batch number / Barcode	
OECD Portal Category	
Description	Black phone charger in black and red cardboard box marked "travel charger, model: ST- 099G1, input: 100V-240V, 50/60 Hz, max. 80 mA, output: DC 5V- 10V, max 600 mA. Caution-indoor use only, Made in China," CE mark.
Country of origin	China
Alert submitted by	Slovakia
Risk type	Electric shock
Risk	The product poses a risk of electric shock because : - the construction of the converter does not comply with the requirements on safe separation of a primary winding from a secondary one, - clearances, creepage distances and size of isolation do not comply with the requirements for double insulation, - the length of the conductors enables by-passing of double insulation in the case of connector release, and the possibility of the presence of mains voltage on the exit connector, - the product does not meet the requirements for reinforced insulation between the output connector and mains plug for double insulation, - the product does not comply with the electromagnetic emission requirements. The product does not comply with the Low Voltage Directive and the relevant European standards EN 60950, EN 55022 and 55024.
Measures adopted by notifying country	Sales ban and withdrawal from the market ordered by the authorities.
