

Safety Gate: Rapid Alert System for dangerous non-food products

Alert number	A12/00824/20
Category	Motor vehicles
Type of alert	Products with serious risks
Product user	Consumer
Product	Pickup truck
Brand	Mazda
Name	B-Series
Type / number of model	Type-approval number: Individual approval
Company recall code	AL003B
Production dates	The affected vehicles were manufactured between 1 February and 7 October 1999.
OECD Portal Category	77000000 - Automotive
Description	Vehicles equipped with Takata NADI airbag inflator. Model series UN; VIN range: JMZ UN**** 0W 104841 – 121674.
Country of origin	Japan
Alert submitted by	Portugal
Counterfeit *	NO
Risk type	Injuries
Technical defect	The ammonium nitrate propellant used in the airbag inflator may experience a material alteration over time due to degradation occurring after prolonged exposure to high absolute humidity, high temperatures and high-temperature cycling. In the event of an airbag being deployed, it may underinflate or deploy too slowly, or the excessive internal pressure may cause the inflator body to rupture and metal fragments may pass through the cushion material causing injury to the occupants. /
Risk	
Measures adopted by notifying country	Recall of the product from end users
Products were found and measures were taken also in	Finland, Slovenia, Sweden
