

Safety Gate: Rapid Alert System for dangerous non-food products

Alert number	A12/0848/19
Category	Electrical appliances and equipment
Type of alert	Products with serious risks
Product user	Consumer
Product	Electric heater
Brand	EQUATION
Name	Unknown
Type / number of model	Unknown
Batch number / Barcode	3276005872769
OECD Portal Category	79000000 - Plumbing / Heating / Ventilation / Air Conditioning
Description	Digital oil-filled electric heater (2000W), without any packaging.
Country of origin	China
Alert submitted by	Romania
Risk type	Electric shock, Fire
Technical defect	There is high abnormal current within the appliance, creating overheating of the internal cables which can cause a fire.
Risk	The insulation and the electrical circuit safety system are inadequate. The metal parts of the heater can consequently become live and lead to an electric shock if touched. The product does not comply with the requirements of the Low Voltage Directive.
Measures adopted by notifying country	Recall of the product from end users
Company recall page:	https://www.leroymerlin.ro/rechemare-produs
Products were found and measures were taken also in	Poland
