Dear President,

The European Commission welcomes the interest of the Czech Senate of the Parliament of the Czech Republic in the communication on the implementation of Article 290 of the Treaty on the Functioning of the European Union {COM(2009)673} and wishes to express its appreciation for receiving its resolution.

The Commission takes note of the comments made on different points of the communication. It shares the positions of the Czech Senate on the need for horizontal rules concerning objection, revocation and other related matters.

The new system of the delegated acts will certainly constitute an opportunity to strengthen transparency by the informal consultations with experts of Member State authorities during the preparation of such acts.

Yours sincerely,
