Dear President,

The Commission would like to thank the Senát for its Opinion concerning the Digital Single Market Strategy {COM(2015) 192 final}.

The Commission appreciates the supportive Opinion of the Senát and fully acknowledges the importance of the issues it mentions, such as geo-blocking, broadband, skills and eGovernment.

The Senát stresses the importance of assessing the impact of legislative proposals. The Commission can confirm that as part of its Better Regulation policy, an impact assessment will be undertaken for any legislative proposal which is expected to have a significant economic, social or environmental impact.

The Commission looks forward to continuing our political dialogue in the future, and the ongoing and future public consultations for the individual Digital Single Market measures present an opportunity for this.

The Commission counts fully on the strong support of the Czech Republic in delivering the necessary measures to achieve a genuine Digital Single Market.

Yours faithfully,
