

THE SENATE
OF THE PARLIAMENT OF THE CZECH REPUBLIC
10TH TERM

331st

RESOLUTION OF THE SENATE

Delivered on the 19th session held on 2nd March 2016

on the Communication from the Commission On steps towards Completing Economic and Monetary Union

**Senate Print No. K 043/10
COM(2015) 600**

The Senate

- I.**
- Welcomes the steps**
aimed at simplifying and clarifying the rules of budgetary surveillance, however, it points also to problems caused by frequent changes to these rules;
- II.**
- 1. Expresses scepticism**
towards the establishment of new institutions, such as national Competitiveness Boards and the European Fiscal Board, where there is no manifest value added;
 - 2. Expresses certain doubts**
about the point of a unified external representation of the Euro area, which could on the contrary lead to fragmentation of the representation of interests of the Eurozone and the EU as a whole;
 - 3. Points to the fact**
that the adoption of fundamental policy decisions of a permanent nature at the EU level requires a thorough prior debate on the national level, and therefore this process should be given sufficient time;
- III.**
- 1. Requests**
the Government to inform the Senate about the way this position was taken into account and about further initiatives following this Communication from the Commission;
 - 2. Authorises**
the President of the Senate to forward this Resolution to the European Commission.
