THE SENATE
OF THE PARLIAMENT OF THE CZECH REPUBLIC
11TH TERM

312th

RESOLUTION OF THE SENATE

Delivered on the 11th session held on 6th December 2017

on the Proposal for a Regulation of the European Parliament and of the Council Establishing a Framework for Screening of Foreign Direct Investments into the European Union (Senate Print No. N 73/11; COM (2017) 487)

The Senate

I.

1. Agrees

with the Government's Position, i.e. supports the proposal for a Regulation provided that it is modified in line with the Government's comments;

2. Notes

that the Government should analyse whether and to what extent will the entry of foreign direct investments be regulated by national law;

II.

1. Considers it necessary

to clarify, during the negotiation of the proposal, the scope of the information duties of those Member States that do not have a national foreign direct investments verification system and therefore do not collect some of the information;

2. Recommends

to define specific data sets that Member States should share on request with other Member States and the EC, i.e. an explicit list of information that will be shared on a mandatory basis;

III.

1. Requests

the Government to inform the Senate about the way this resolution was taken into account and about further development of negotiations once the political agreement of the required number of Member States on the main elements of the proposal is

reached, or at an earlier time, should the results of negotiations in the Council begin to depart considerably from the position of the Czech Republic expressed in the General Position of the Government;

2. Authorises

the President of the Senate to forward this Resolution to the European Commission.
