

Brussels, - 9 MARS 2011

Dear Ms Meldgaard,

Thank you very much for your letter of 10 December 2010 addressed to Commissioner Barnier and regarding the Green Paper on Audit Policy {COM(2010) 561}. The Commission has taken note with interest of the comments of the Trade and Industry Committee and the European Committee of the Danish Parliament.

The Commission takes note of the particular societal role played by auditors in Denmark and the views on the international auditing standards expressed in your opinion. The Commission fully shares your concern on the need to reduce administrative burden for SMEs by calibrating any future measures appropriately.

The responses to the Green Paper accompanied by a summary have been published on the Commission's website:

http://ec.europa.eu/internal_market/consultations/2010/green_paper_audit_en.htm

The Commission is now proceeding with an in-depth analysis of the responses received and the views of the Danish Parliament will be duly taken into account in that context. The intention of the Commission is to propose appropriate follow-up measures towards the end of the year.

I look forward to continuing our dialogue on this important issue.

Yours faithfully,

Ms Anne-Marie Meldgaard
