on the Communication from the Commission to the European Parliament, the European Council  
and the Council  
**Roadmap to an agreement on the Union's long-term budget for 2021-2027**  
**The European Commission's contribution to the European Council meeting on 20-21 June**  
**2019**  
**COM(2019) 295**

**The Chamber of Deputies:**

- Expresses its political support for a budget that emphasizes European added value as an adequate answer to new and urgent priorities, such as research and innovation, digital economy, youth, migration and border management, security, defence and external action;
- Expresses restraint on the effectiveness of further strengthening synergies between funding programmes, given the increasing complexity of evaluation and implementation due to the need to take into account several objectives of different programmes;
- Considers that practical aspects for new programmes require a prior in-depth analysis, as an essential contribution to the swift establishment of the necessary legal framework;
- Recommends the conduct of negotiations in the spirit of common values underpinning the democratic model and the Union's model of society, which are the foundation of European freedom, security and prosperity.
