

Opinion of the Romanian Chamber of Deputies on the
Communication from the Commission to the European Parliament, the Council, the European
Economic and Social Committee and the Committee of the Regions
Shaping Europe's digital future
COM(2020) 67

The Chamber of Deputies supports the proposal for a global digital cooperation strategy; in the same time recommends:

- A better prioritisation of the digitalisation programmes at EU and Member States level;
- Extensive consultation of the citizens and the business environment on risk mitigation measures to protect personal data and protect vulnerable consumers;
- Expanding programmes coordinated at EU level to encourage research and innovation;
- Adoption of an additional key objective, namely increasing resilience and capacity to adapt to extraordinary conditions, based on the intense and diversified use of digital solutions;
- Increased investments in cyber security infrastructure;
- Increasing the importance of digital education.
