An SME Strategy for a sustainable and digital Europe

COM(2020) 103

The Chamber of Deputies supports the objectives of the SME strategy, being concerned about the difficulties faced by small business in terms of reorganisation, co-financing and participation in public procurement, as well as difficult access to public data from open sources. On the other hand, the Chamber insists on the rapid revival of the digital skills and jobs coalition and calls for supporting the participation of SMEs in the new “Fit for Future Platform”.
