EU strategic framework on health and safety at work 2021-2027
Occupational safety and health in a changing world of work
COM(2021) 323**

The Chamber of Deputies supports EU's strategic framework on health and safety at work 2021-2027, welcoming the objective of ensuring high standards in this field, especially for mobile, vulnerable and cross-border workers, including seasonal workers.

The Chamber of Deputies calls for greater attention to be paid to the protection of European citizens working outside the Community, both in the long term by amending standards in this area and in the short term, in order to the difficulties encountered by them in their current work. Access to advice and training on occupational safety and health rules for farmers in remote or less developed rural areas should also be encouraged.
